

K. OF C. INITIATION  
AT MARSHFIELD

Between 45 and 50 neophytes will be initiated in the mysteries of the Knights of Columbus at Marshfield, Sunday, October 13, with the John Elsen Council No. 1799 K. of C. as sponsors.

The first and second degrees will be exemplified by the local council degree team while the third degree will be conducted in all probability by the K. of C. degree team of St. Paul, Minn. Delegates from the neighboring cities of Stevens Point, Wausau, Merrill and Grand Rapids are expected to be present to witness the degree work.

## WAS AGAINST THE LAW

According to an opinion given by the attorney general it was against the law for the paper company to sue men from outside the state and swear them in as deputies to assist in protecting their property at Nekeosha and Port Edwards. However, as it would have been possible to secure men from the state to do the same work, it would make no particular difference to anybody whether or not the law on the subject were enforced.

## CHURCH NOTICE

Rev. Fred Knutson, pastor of the Third Moravian church of New York City, will present his cause to the First Moravian congregation of this city at the morning and evening service next Sunday, Oct. 12.

Mr. and Mrs. Albert Scott of Tomahawk were visitors at the Gen. Tomahawk home on Tuesday and Wednesday.

## IT WAS A WALKAWAY

If the score of last Saturday is any criterion of what our high school boys can do in a real football game, they will be able to make some showing this year in spite of the fact that it has been said by some who were supposed to know that we have not a very strong team this season.

Waupaca was over on Saturday and tried conclusions with the locals, and it looked more like a footrace than a ball game, as the visitors were beaten by a score of 61 to 0. During the fore part of the game, Waupaca put up quite a game defense, but after our boys had got warmed up and into the game there was nothing to it, and the first half ended with the score 20 to 0.

In the last half the visitors seemed to be unable to do much toward stopping the locals, and it was a continuous gain from start to finish. While the game of Saturday was not stiff enough to tell just what our boys would do in case of a hard light where they had to put out the best there was in them to win, still it showed that the boys have been doing some good practice work, and have the stuff in them for football players.

Grand Rapids has always had a pretty good football team, and it is gratifying to see the boys show up as well as they did in their first game. While the team is not as heavy as some we have had in former years, we predict that they will make a good showing and take their share of the games during the season.

Miss Ardith Arpin returned to her home in Milwaukee Monday afternoon after spending the summer here with her aunt, Mrs. Geo. L. Williams.

TICKNOR AND CAMPS  
GOT SOME SHOOTING

Three prairie chickens, \$122.

That was the bill presented to Frank Ticknor and Frank Camps, two alleged sportsmen of Grand Rapids, by Judge John A. Murat in the county court for Portage county Monday afternoon. The bill was paid and a receipt issued.

Ticknor and Camps were arrested by John B. Worden of Plainfield and Arthur T. Almond, deputy conservation agents, charged with shooting prairie chickens, on which there is no open season this year. The conservation agents alleged that the two hunters, while hunting in the town of Grant, near the west county line, brought down three of the chickens around which the protection of the state law has been thrown. The wardens tracked the two law violators, who, when they saw they were being watched, threw the three dead chickens away, it is alleged. However, fresh blood on their hunting coats indicated they had had some luck in shooting and the wardens recovered the birds.

Both men pleaded guilty when arraigned in court. Ticknor paid a fine of \$65 and costs of \$3.50, while Camps paid a \$50 fine and \$3.50 in costs. The fines and costs aggregated \$122. And they didn't even get the prairie chickens, which were confiscated by the state agents.—Stevens Point Journal.

Mr. Ticknor has been an active member of the Grand Rapids Game and Fish association, an organization formed to protect the fish and game of central Wisconsin and to assist in stopping violations of the law. He is a member of the Membership committee of the association.

## SHORT TERM OF COURT

The session of circuit court that convened in this city on Monday lasted for only a short time, as many of the cases were either dismissed or continued over until the next term of court. A number who had applied for citizenship papers were admitted, while some were continued over to the January term of court.

Mike Czaplinski, who was arrested on a charge of abandonment, having left his wife and two children for several years, was found guilty and sentenced to two years, being subsequently paroled to Arthur Crowns of Nekeosha.

In the case of the state against John Van Ruth and Jacob Lassa, for assault with intent to great bodily harm, Van Ruth was fined \$1 and costs, the case against Lassa was dismissed.

Harvested a Good Crop

A. Searls & Son finished harvesting their cranberries during the past week and they estimate that they will have about two thousand barrels when the berries have been cleaned up and prepared for market. Some of the berries were injured by a hail storm earlier in the season, and the aggregate number will probably be considerable, but they have a good crop in spite of this fact.

## STOCKHOLDERS HOLD ANNUAL MEETING IN THIS CITY

The annual meeting of the stockholders of the Wood County Grocery company was held in this city on Thursday of last week, at which time there were about seventy-five stockholders in attendance. Officers for the ensuing year were elected as follows:

C. F. Kruger of this city, president and manager.

H. J. Manneberg of Green Bay, vice president.

G. H. Salter of Pittsville, secretary and treasurer.

The other directors of the company are H. O. Ooswin of Minocqua, G. O. Reider of Madison, A. G. Schuster of Bangor, John Sigl of Hortonville, E. F. Behnke of Brillville, B. F. Walker of Almond, G. H. Munroe of Keshelie, G. A. Vandree of New London.

The report of the past year's business was very satisfactory to those in attendance, the growth and prosperity of the company being beyond the predictions or expectations of those interested in the concern.

The company has already started the work of putting the two additional stories on their warehouse and this will be carried forward as rapidly as possible, as the company is badly crowded for room at the present time, their present store rooms being crowded to the ceiling, which hampers the work considerably and prevents carrying as much stock as might otherwise be done.

## BOY SCOUT MEETING

Criticized for "Scolding"

Chance has been criticized for his players and their friends for "scolding" his men on heavily for such as the one cited above.

As a matter of fact, the ball players who have aroused the ire of the "less leader" to such an extent have been fined goodly sums for their behavior and have been threatened with suspension.

He led the Cubs to four victories and to two world's championships. The money put into the pocket of the players by the four victories to several thousand times the "scolding" including the one made.

LEONARD FOOLED RUTH ONCE—THEN BLOO

There is a story going the rounds about "Dutch" Leonard and "Babe" Ruth. Leonard was once a teammate of the famous "Babe" and he knew a friend that he knew a home-run hitter's weakness.

"All you've got to do is put 'em low and outside," said Leonard. I ought to know, for I set him down without a hit last time he faced me.

"Next time," Leonard said, "I'll gather in a pair of double and a homer. Leonard won no more."

NOTES OF A DIAMOND

Feaster and Vick continue the ball better than some of the others.

The New Orleans club has picked up the Roberts to the REAL ESTATE DEALS

The W. T. Lyle farm, better known as the Welland place, near the Wood County Poor Farm, consisting of 80 acres, was sold to Rev. C. Hugo Guenther of Milwaukee, consideration \$4,000.

A brick store building in Wautoma belonging to Albert Adams was sold to L. H. Larsen; consideration \$2500.

An 8-room house on one of the principal streets in Fond du Lac was sold to A. J. Steenberg of Taycheedah. Consideration \$3000.

A 160-acre farm in the Town of Rome, Adams county, including horses, cattle, machinery and crops was sold for \$8000 to R. M. Palmer of Waterloo, Iowa. Possession given at once.

The Jen Kroming farm in Portage county, consisting of 120 acres with good buildings, including stock crops and machinery was sold to D. C. Gamco of Chicago. Consideration \$9000. Possession to be given within 30 days of date of sale.

All of the above deals were made through the Edward N. Pomaalville Real Estate Agency during the past two weeks.

STARTING FOR THE WEST

Mr. and Mrs. George Forrand and two children leave today on a trip to the Pacific coast by automobile. They are going over the Yellowstone trail as far as Montana, where they will visit with friends for a short time and then turn south and take one of the southern routes thru California, where they will spend the winter and probably return as early in the spring as it is possible to get over the roads. While the weather is a trifle unsettled at this time of the year, Mr. Forrand was detained here by business so that he had not an earlier start as he had at first intended.

SCHOOL TO OPEN

The agricultural school will open in this city on the 14th of October. It is not expected that there will be a very large attendance at the opening, as this is the time of the year when the farmer boys are pretty busy, but the attendance always increases later in the season after the farm work has let up a bit.

SARATOGA UNION CHURCH

Ladies' Aid meeting on Oct. 16th at the home of Mrs. Pauline Hanson. Preaching service on Sunday, Oct. 19, at 3:00 p. m.

FOOTBALL SATURDAY

The Merrill high school boys will be here Saturday afternoon to play a game with the locals. Merrill is reported to have a strong team and a good game is looked for.

AT JOHNSON & HILLS

The Johnson & Hill company have now the agency for the new automobile, a new 7-passenger type, which sells for \$750. This is a new car which the Samson company is putting out, and the specifications are not available as yet. The Johnson & Hill company have been agents for the Samson tractors for some time past, but the automobile is a new thing.

FOOTBALL SATURDAY

The Merrill high school boys will be here Saturday afternoon to play a game with the locals. Merrill is reported to have a strong team and a good game is looked for.

FINE VEGETABLES  
AT JOHNSON & HILLS

The Johnson & Hill Company opened their annual vegetable display and Farmers' Week exhibition in the basement of their store on Monday, and to fully appreciate what is being exhibited there it is absolutely necessary to visit the place and see for yourself. This is the sixth year that this firm has had these annual exhibitions, and they have become such a regular thing that the farmers take considerable pains to make a selection of vegetables and grain each year, and the result is very gratifying to all concerned in the matter.

As would be naturally supposed, the exhibit this year has many fine specimens of corn. The crop is unusually good in this section, and to look over the samples that are on display one would never suppose that there was a time not so many years ago when it was claimed that corn could not be raised in this country at large in size and number of varieties. Probably the exhibit of potatoes is more surprising than any other vegetable for the reason that people have been led to believe that the crop was short and not very good in quality.

There is also a fine display of cranberries from the different marshes in this vicinity. Those exhibited are large in size, of a fine color, and sound, making a display that is most pleasing.

Some fine samples of grain are displayed, and the buckwheat seems to be unusually large and heavy this year. Several samples of nice apples are submitted, but we do not make any claim to living in an apple country.

Large beets, mangle wurzels, squash and pumpkins, and peppers, matatoes, cabbage, onions, and many other vegetables round up the display so that it is well worth a careful examination by anybody, and at all times during the day there is a crowd of interested spectators looking things over, and hardly anybody fails to express surprise at the appearance of the different lines.

Prizes will be awarded to the persons who make the best display, and the names of the prize winners will be published in a later edition of this paper.

It is gratifying to know that one of our business houses takes enough interest in the matter to make it an object for the farmers to bring in their products in this manner and thus let the people see what is being produced on the farms in this vicinity. It also gives the visitors here some idea of what can be raised in the country surrounding the city.

LAWYERS WERE ENTERTAINED

Atty. D. D. Conway entertained a party of friends at his home on Monday evening at a six course dinner, at which there was a pleasant time.

The following were in attendance: Judge R. Morse, Atty. Roll Piffner, Robert Morse, Atty. Roll Piffner, George Nelson and Chas. Cashin, of Stevens Point; J. J. Jeffrey, C. E. Briere, Frank W. Calkins, John Roberts, Hugh W. Goggins, H. F. Duckert, of this city; J. F. Cole, E. C. Fors, P. A. Williams, C. B. Edwards, R. E. Andrews, Wayne Deming, and Charles M. Pors of Marshfield, and H. E. Fitch and A. J. Crowns of Nekeosha.

MARRIAGE LICENSES

Marriage licenses have been issued to: Erick Pearson, Rockford, Ill., and Anna Anderson, Marshfield.

John Prints, Saginaw, Mich., and Amelia Bean, Grand Rapids.

Charles Hasenohrl and Theresa Schneider, both of Marshfield.

Peter Peterson, Grand Rapids, and Eleanor Shepreux, Stevens Point.

Walter Oilschlager, Port Edwards, and Doris Giese, Saratoga.

Robert H. Krue and Roberta Day, both of Portland, Ore.

George Carl Schiefelbein and Alice Sharman, both of Marshfield.

Charles H. Enchow, Marshfield, and Grace A. Swenson, Auburndale.

George Lahner, Sherry, and Julia Linzmar, Milladore.

Ed. J. Hilber, Marathon county, and Mary Barth, Marshfield.

ADVERTISED MAIL

List of advertised mail at Grand Rapids, Wis., Oct. 7, 1919.

Genlmen: Good Bear, John; Shlom, Rito; Lakin, Sgt. Archie; Imig, T. C.; Phillips, John T.; Thompson, Wm.; Rayski, Rev. J. Tibbetts, George; Piessele, Moge; Pettibone, Jack; Bender, Frank; Dickie, Dr. J. A.; Koletzke, Otto F.; Walsh, Dr. James; Haertel, Mr. C. Hickerty, Pvt. Fred.

Ladies: Kirk, Mrs. Marjorie; Kent, Miss Grace; Dixon, Mary; Mrs. W. L. Bade, Miss Ella; Goodwin, Mrs. R. S.; Mathews, Mary; Winneshiek, Nellie.

Robert Nash, Postmaster.

## LOOK OUT FOR THE GOVERNOR

George N. Wood, who for a number of years past has been interesting himself in the matter of cleaning up the Wisconsin river so that it will be habitable for game fish, recently received a letter from Governor E. L. Phillips, who says that he is interested in the matter, and that he will see the conservation warden at once about the proposition.

However, they are not fooling George any by this kind of talk. He has been after the matter for the past fifteen years and has received promises both verbally and in writing from almost every official of the state on the same subject from the governor of the state down to the constable in the village of Bron, and as yet there has been no scramble to do anything that might be construed as an attempt to observe the law on the subject.

The establishment of game and fish clubs and the appointment of conservation agents who are paid out of the public treasury are certainly quite a joke when all the circumstances in the case are considered. Wouldn't it be better, considering the high cost of living, if all the conservation agents were fired bodily and let the fish and game take care of itself? Either do that or else make everybody observe the law.

CITY COUNCIL MEETING

A short session of the city council was held on Tuesday evening, at which a number of matters were disposed of.

A petition was presented from the library board asking for the establishment of a branch library on the west side. The matter was referred to the committee on general business to see what could be done toward securing a suitable building for the purpose.

The council ratified the sale of the \$30,000 of paving bonds to Bolzer, Mosser & Williams at a premium of \$2.49, they being the highest bidder.

The salary of M. N. Weeks, manager of the Electric & Water company, was raised to \$400 per year in accordance with a recommendation from the commission.

The city budget calls for the raising of \$130,120 this coming year, which is somewhat more than last year. Of this amount the industrial school gets \$4500 and the city schools \$62,200.

A communication was presented from the G. A. R. which proposed to turn over the hall to the city for use as a memorial hall. A committee was appointed to confer with the G. A. R. and report at the next meeting.

COUNTY AGRICULTURAL SCHOOL BOYS WANT WORK

The County Agricultural School opens next Tuesday, October 14th. We will have boys wanting the following opportunities:

1. Work about a home for room and board.
  2. Work for room or board only.
  3. Odd job work at 25c per hour (before and after school).
  4. Rooms for light housekeeping.
  5. All day jobs on Saturday.
  6. Rooms at regular rates.
  7. Room and board at regular rates.
- If you have opportunities for these boys, call 266.

DIVORCES GRANTED

At the term of circuit court on Tuesday the following divorces were granted by Judge Park:

Earl Bowley was granted a divorce from Mollie J. Bowley, the parties being from the town of Richfield, Deserion.

Mary Hess from John Hess, deserion. These parties are from the town of Sigel.

Rose Hardlicka from Joseph Hardlicka on a charge of cruel and inhuman treatment.

Ralph Mills from Pearl Mills, deserion. Both of Nekeosha.

ARRESTED FOR ASSAULT

W. J. Honke was arraigned in justice Pomaalville's court on Friday on a charge of assault and battery, the complaining witness being Joseph Rick.

It seems that the two men have some adjoining land in the town of Sigel, and there is a dispute over a line fence, and during an argument Henke soaked Rick one in the face. Henke claims that he was acting in self defense, while Rick claims that he was not the case. An adjournment was taken until the 13th of October, when the case will be tried out.

SERVICES AT SCANDINAVIAN MORAVIAN CHURCH

(Rev. Theodore Reinke, Pastor) 9:30 a. m. Sunday School; 10:30 a. m. English preaching service; Norwegian on the first Sunday of the month. No evening service in this church October 12. Willing Workers society will meet at the parsonage on Friday evening, October 10.

SKAT TOURNAMENT

At the tournament held at the Elks club Tuesday evening, the following prizes were awarded:

Dr. W. M. Ruckie first, with 10 net games. R. A. Love second, with 31 net points. D. B. Philie third, with high hand of 160 points.

MUSICIANS WILL ORGANIZE

It is probable that the musicians of this city will form a union in the near future, as the matter was brot up at the last band meeting and discussed, and when it was voted on a majority of those present voted in favor of the proposition.

Mr. and Mrs. Frank Weiland who have resided at Thief River Falls, Minn., for several years have been in the Steen some on Eighth street of Link and Hiray and will make this city their home.

Jake Kissinger has sold his farm in the town of Sigel to Albert Waldvogel of this city, and Mr. Waldvogel will engage in farming. The deal was made by Geo. Forrand.

BACK FROM CONVENTION

Clarence E. Jackson, Miles Foster and Fred H. Eberhardt, all employees of the Consolidated Water Power and Paper company, were in Philadelphia last week where they attended the annual convention of the National Safety Congress which met in that city. They report having had a very interesting and profitable meeting, and came back with some good ideas which they will be able to apply in their work here.

WILL HAVE A FINE PLANT

The last issue of the Black River Falls Journal has quite an extensive writeup of the new plant of the Black River Box and Manufacturing company, of which J. S. Thompson formerly of this city, is vice president and general manager. The new plant is rapidly nearing completion, and according to the description it will be one of the most modern plants of the kind to be found anywhere. We are pleased to note that Mr. Thompson is getting along so nicely over there and wish him all kinds of success.

FOR DISTINGUISHED SERVICE

Carl Rasmussen, son of Mr. and Mrs. Jacob Rasmussen of this city, has received a distinguished service cross from the United States government, also a citation from General Pershing for "Extra Heroism against Armed Enemies." He also receives \$2 per month for five years as a recognition for his services.

C. A. Normington has purchased the E. L. Hayward home on Eighth street and will take possession of same about the 20th of this month.

BIG PICNIC TO BE  
HELD SUNDAY NEXT

The big get together picnic that has been planned for this fall for the purpose of furnishing a meeting between the people of this city and vicinity and the people of Kilbourn and Adams county, will be held next Sunday afternoon, and a general invitation is extended to the public to be on hand.

The trip to the rendezvous will be made by automobile, and all those who have an auto or any other method of getting to the scene of festivities are urged to be present. If you can take more than your family and intend to go, you are requested to notify either Mr. Gerow or Mr. Schreiber, members of the committee, letting them know how many you can accommodate, and it is probable that persons will be assigned for you to take down.

People attending the picnic should take with them whatever they want to eat, as, owing to the uncertainty of the number that will attend, it will be impossible to furnish refreshments for them. The Grand Rapids band will go down with the crowd from here, and it is expected that the weather is at all favorable that day. The picnic will be a hand to take part in the affair. The start will be made from this city at nine o'clock, and the picnic will certainly be pulled off unless there is rain, in which event it will be postponed. It is understood by all that the weather is uncertain at this time of the year, and that it is about an even chance as to whether the conditions will be favorable or not. The picnic will be a hand to take part in the affair. The start will be made from this city at nine o'clock, and the picnic will certainly be pulled off unless there is rain, in which event it will be postponed. It is understood by all that the weather is uncertain at this time of the year, and that it is about an even chance as to whether the conditions will be favorable or not.

The idea in holding the picnic is to promote a feeling between the people of this city and vicinity and those people living along the proposed route thru Adams county and on to Kilbourn that will induce them to work together in securing a scenic route from this city to Kilbourn. Those who have looked into the matter feel that there is a lot of travel that would go by such a route were it possible for them to do so. It is thru a sandy country in which it would not cost a great deal of money to fix up a pretty good road that would be passable during all of the tourist season, and one that would be much more attractive than the one that is now generally used between this city and Friendship and from there on to Kilbourn. This latter route runs inland all the way and is much more sandy than the proposed route.

The road along the river has many pretty spots where it runs near the river that would be appreciated by tourists. While the people in this particular locality do not share a sand and it is different with persons from the city who are used to clay roads. They tell some gruesome stories about the fellow who burned up his tires running thru some of these sand roads, notwithstanding the fact that the sand roads are easier on tires than the hard clay ones. But as it is impossible to convince them of this fact, the only thing to do is to fix up the road so that it suits them.

The picnic will be held at Yellow Banks on the Brimmer farm, which is about fifteen miles this side of Kilbourn, and consequently about forty-five miles from this city. The place is said to be a very nice one for the purpose intended and with favorable weather there should be a big turnout.

The picnic will be held at Yellow Banks on the Brimmer farm, which is about fifteen miles this side of Kilbourn, and consequently about forty-five miles from this city. The place is said to be a very nice one for the purpose intended and with favorable weather there should be a big turnout.

SCHOOL BOARD CONVENTION

The School Board convention for Wood county will be held at Pittsville on Thursday, October 16; at Grand Rapids on Friday and Saturday, October 17 and 18.

The program will begin at 9:30 each morning. The speakers will be: Rural School Inspector W. E. Larson, Superintendent E. G. Doudna, Grand Rapids, and M. H. Jackson.

Chapter 415, Laws of 1919, provides that school board members who attend the school board convention shall be allowed four dollars for each day's attendance at the convention and mileage at the rate of three cents per mile each way, going to and returning from said meeting, said sum to be paid from any money in the school district treasury not otherwise appropriated.

School boards are urged to close their schools and bring their teachers to the convention. These meetings are for district officers and teachers. In many cases it is difficult for the teacher to secure transportation to town and back or to the station and back. A little thoughtfulness on the part of the school officers will enable them to contribute to the success of the convention. A large attendance is desired. Every one interested in educational matters is cordially invited to attend the convention.

Yours truly,

Robert Morris, Co. Supt.

TEACHERS ASSOCIATION MEETS AT WAUSAU FRIDAY

The annual convention of the Central Wisconsin Teachers Association will be held at Wausau on Friday and Saturday of this week, October 10th and 11th.

## SEVEN SHOT IN STRIKE RIOTING

Guards Raid Mill Pickets at New Castle (Pa.) Carnegie Mills.

## STRIKE FAILS IN BIG PLANTS

Union Leaders Claim 284,000 Men Are Out All Over Country, but Many of the Large Plants Continue Operations.

Pittsburgh, Pa., Sept. 24.—William Z. Foster, secretary of the national committee for organizing iron and steel workers, gave out the following figures as indicating the number of men on strike:

Chicago district.....	60,000
Cleveland.....	60,000
Youngstown proper.....	15,000
Youngstown district, including Sharon, Farrell, New Castle, Srawthors, Butler, Canon and Massillon.....	50,000
Buffalo.....	12,000
Honolulua.....	9,000
Bradock.....	5,000
Rankin.....	4,000
Massillon.....	12,000
Wheeling.....	15,000
Stouboville.....	6,000
Pueblo.....	6,000
McKeesport and Duquesne.....	12,000
Pittsburgh city.....	15,000
Vandergrift.....	2,000
Leedsburg.....	5,000
Johnstown.....	15,000
Contestville.....	4,000
Total.....	284,000

Pittsburgh, Pa., Sept. 24.—The great steel strike, which today is twenty-four hours old, saw its first tragedy when guards at mills at the Carnegie Steel company in New Castle engaged in a shooting with strikers and their sympathizers.

Seven persons were struck by bullets, two of them women. Six of the injured were seriously hurt. All were removed to the New Castle hospital.

The shooting, preceded by the throwing of bricks and other heavy missiles during the afternoon, lasted but an hour. According to eye-witnesses, more than 100 shots were fired.

The strikers had taken a stand on Moravia street, opposite the plant buildings. Deputy sheriffs and mill guards were stationed just in front of the property of the Pittsburgh & Lake Erie railroad.

The first shot came while the strikers were "looking" the mill guards.

Suddenly an automatic pistol sounded. Hot shots landed on the shoulders of deputies and guards and were fired into the crowd. The strikers returned the fire from automatic pistols and revolvers which jumped from sleeves of pockets and waist lines.

One of the women was struck in the neck and leg and seriously hurt.

Indications are that the strike so far has failed to cause any serious trouble to most of the big plants in Pittsburgh proper and its immediate environs.

In Homestead, Bradock, Duquesne, and on the south side of the city, where the largest corporation and independent mills are located, a very small proportion of men have joined the ranks of the strikers.

At the big Homestead plant of the Carnegie Steel company, it is said that 20 per cent of the workers refused to report for work.

The management of the Edgar Thomson works in Bradock stated that less than 300 men were out there, and at the Duquesne plant it was stated that they were operating in full.

Less than 100 men are reported to have struck at the big plants of the Jones & Laughlin company, which lie both sides of the Monongahela river for miles.

Chicago, Sept. 24.—The leaders of the steel strike claim that from 75,000 to 80,000 men had quit work in the Chicago district; that all plants in Gary, Indiana Harbor, East Chicago, Joliet, South Chicago, Eastman, Milwaukee, Waukegan, DeKalb and Sterling were shut down. In Gary, they said, 87 per cent of the men were out. The employees refused the terms of the strike bosses, but admitted inability to operate.

There was no violence. The men walked off when the night shift was done, carrying their empty dinner pails, and the day shift did not enter the plants.

In some plants a minority of employees came to work as usual. But the strikers say these were mainly men over fifty-five years old, who are nearing the time when they can retire on a pension.

Enter Jugo-Slavia. Paris, Sept. 24.—Troops under Gabriele D'Annunzio, the insurgent Italian commander at Fiume, have penetrated seven miles into Jugo-Slavia occupying the heights at Plank, dominating the surrounding country.

Call Home Czechoslovak. Paris, Sept. 24.—The peace council decided upon the repatriation of the 50,000 Czechoslovak troops remaining in Siberia. The necessary transport will be furnished by the United States, Great Britain and France.

Bank Robbers Are Caught. Detroit, Mich., Sept. 23.—Three of the four thieves who looted a branch of the Grand Rapids Savings bank Friday morning, killing a customer, are in the hands of the Detroit police. All three are said to have confessed.

Miss Harrison a Lawyer. Indianapolis, Sept. 23.—Miss Elizabeth Harrison, daughter of the late President Benjamin Harrison, was admitted to the Marion county bar as a practicing attorney by Judge Louis E. Bank of the circuit court.

Estonians Seek Peace. Copenhagen, Sept. 23.—Estonian representatives have crossed the border line, according to word from Helsinki, and peace negotiations with the Russian bolsheviks are now in progress.

Kills Wife, Stepmother, Self. Myrtle, N. J., Sept. 20.—Robert Kelly, 30, and killed his wife, Jacob Cross, 38, and his stepmother, after which he killed himself. Young Cross had just returned from service in the army.

## CARDINAL GUISTINI

Cardinal Guistini, the newly appointed envoy extraordinary of the Vatican to Jerusalem. To many observers in Paris the sending of the cardinal to Jerusalem means to indicate that there is a project towards the restoration of Catholicism in Asia Minor and northern Africa.

## SOME STRIKE FIGURES

HALF MILLION MEN ARE AFFECTED BY THE WALKOUT.

Statistics Show Average Pay of U. S. Steel Corporation Workers Is \$6.23 a Day.

New York, Sept. 23.—Plants of the United States Steel corporation, central figure in the strike, are located in Pennsylvania, Ohio, New Jersey, Maryland, Massachusetts, Illinois, Indiana, Michigan, Connecticut, Alabama, California, Washington, Missouri, Kentucky, Kansas, Wisconsin, Minnesota, West Virginia, Delaware, New York, and Ontario, Canada.

It was estimated that the number of workers affected directly or indirectly by the strike will aggregate half a million. The average daily pay of the corporation's employees, including the administrative and selling force, is \$6.23, according to a recent report to the directors. This is an increase of 116 per cent since 1914, when the average was \$2.88. The average annual pay in 1918 was \$1,550.

Iron ore properties of the corporation are mainly in the Lake Superior district, the southern region of Alabama and Georgia. Coal and coke properties are located in Pennsylvania, Virginia, Colorado, West Virginia, Kentucky, Ohio, Indiana and Illinois. Extensive coke, oil and gas properties are also owned and controlled in a number of states and at several lake ports there are extensive ore docks. Seven ore-going steamers and numerous smaller craft are owned and operated together with more than 1,000 miles of railroad.

The subsidiary companies of the corporation are the Carnegie Steel, Illinois Steel, Universal Portland Cement, Indiana Steel, Minnesota Steel, Lorain Steel, National Tube, National Steel and Wire, American Sheet and Tin Plate, American Bridge, Union Steel, Clairton Steel, Clairton By-Product Co., Federal Shipbuilding, Canadian Steel, Tennessee Coal, Iron and Railroad, Fairfield Steel and Chicago Shipbuilding, in addition to its coal, coke, iron, ore and transportation properties.

At the big Homestead plant of the Carnegie Steel company, it is said that 20 per cent of the workers refused to report for work.

The management of the Edgar Thomson works in Bradock stated that less than 300 men were out there, and at the Duquesne plant it was stated that they were operating in full.

Less than 100 men are reported to have struck at the big plants of the Jones & Laughlin company, which lie both sides of the Monongahela river for miles.

Chicago, Sept. 24.—The leaders of the steel strike claim that from 75,000 to 80,000 men had quit work in the Chicago district; that all plants in Gary, Indiana Harbor, East Chicago, Joliet, South Chicago, Eastman, Milwaukee, Waukegan, DeKalb and Sterling were shut down. In Gary, they said, 87 per cent of the men were out. The employees refused the terms of the strike bosses, but admitted inability to operate.

There was no violence. The men walked off when the night shift was done, carrying their empty dinner pails, and the day shift did not enter the plants.

In some plants a minority of employees came to work as usual. But the strikers say these were mainly men over fifty-five years old, who are nearing the time when they can retire on a pension.

Enter Jugo-Slavia. Paris, Sept. 24.—Troops under Gabriele D'Annunzio, the insurgent Italian commander at Fiume, have penetrated seven miles into Jugo-Slavia occupying the heights at Plank, dominating the surrounding country.

Call Home Czechoslovak. Paris, Sept. 24.—The peace council decided upon the repatriation of the 50,000 Czechoslovak troops remaining in Siberia. The necessary transport will be furnished by the United States, Great Britain and France.

Bank Robbers Are Caught. Detroit, Mich., Sept. 23.—Three of the four thieves who looted a branch of the Grand Rapids Savings bank Friday morning, killing a customer, are in the hands of the Detroit police. All three are said to have confessed.

Miss Harrison a Lawyer. Indianapolis, Sept. 23.—Miss Elizabeth Harrison, daughter of the late President Benjamin Harrison, was admitted to the Marion county bar as a practicing attorney by Judge Louis E. Bank of the circuit court.

Estonians Seek Peace. Copenhagen, Sept. 23.—Estonian representatives have crossed the border line, according to word from Helsinki, and peace negotiations with the Russian bolsheviks are now in progress.

Kills Wife, Stepmother, Self. Myrtle, N. J., Sept. 20.—Robert Kelly, 30, and killed his wife, Jacob Cross, 38, and his stepmother, after which he killed himself. Young Cross had just returned from service in the army.

## ITALIAN REBELS IN JUGO-SLAVIA

Counter-Attack Beaten Off: American Marines Land Near Fiume.

## D'ANNUNZIO PICKS HIS GRAVE

Declares He Will Not Leave City—To Appeal to U. S., England and France—Says His Men Will Die for Cause.

London, Sept. 23.—The Italian government has appealed to the allied powers to send an allied force, exclusive of Italians, to drive D'Annunzio out of Fiume, according to a report here, which is considered reliable.

Paris, Sept. 23.—Troops under Gabriele D'Annunzio, the insurgent Italian commander at Fiume, have been extending their zone of occupation into Jugo-Slav territory, according to the Jugo-Slav delegation in Paris.

They penetrated seven miles into Jugo-Slavia occupying the heights at Plank, dominating the surrounding country.

The Jugo-Slavs did not clash with the D'Annunzio forces executing this movement, the delegation stated.

The Italian forces are maintaining the blockade of Fiume now in effect. It is learned, the allied navies merely standing by as observers.

London, Sept. 23.—An attempt by Jugo-Slav forces to land on the Dalmatian coast is reported in official dispatches reaching here regarding the Adriatic controversy in which Fiume is the storm center. The landing was frustrated by the Italian naval and military authorities.

Fiume, Sept. 23.—Gabriele D'Annunzio declared in an interview here that he was making ready to appeal to the president of the United States, the king of England and the French people to support him in his occupation of Fiume for Italy. He was confident, he said, that his appeal would bear fruit.

"I cannot believe there will be any complication with France and England," he said. The poet-commander, "as in the past I have done something in the interest of my country, therefore it is impossible that they should repay me with ingratitude."

"My men here are ready to die for our cause, while I will not leave Fiume either alive or dead. I have already chosen in a fine cemetery, dark with cypresses, a small hill looking toward the sea, covered with laurel, where I wish to be buried."

"I do not believe that the allies will do anything against me," Captain D'Annunzio continued, "as I will do nothing against them. I consider the blockade, however, contrary to the rights of man, one having the right to attempt to starve the 30,000 inhabitants of Fiume simply because they wish to remain Italians forever."

"No conflict is possible with the Italian troops, as I do not believe there is a single soldier who would fire against my men."

Congress Thanks Pershing. Commander of American Expeditionary Forces Receives Gratitude of Lawmakers for Victory.

Washington, Sept. 20.—Standing in the chamber of the house of representatives, with both the senate and house present and the galleries crowded with admirers, General Pershing received the formal thanks of congress for the services he and the officers and men he commanded in France rendered during the great war. There was an air of solemnity about the scene more eloquent than words to tell its full meaning.

Senator Cummins, as president pro tempore of the senate, sat with Speaker Gillett, and when General Pershing had been escorted to the floor before the speaker's desk, facing a great American flag draped on the wall, extended the first greeting.

Speaker Gillett followed with a tribute to the general and his army.

The formal resolution of thanks was then presented to the general by former Speaker Clark.

SIX SPARTACANS ARE SHOT. Fritz Seidl and Associates Found Guilty and Executed on the Same Day.

Munich, Sept. 22.—Fritz Seidl, the former Spartacan leader, and five of his associates, who early Friday were sentenced to pay the death penalty, having been found guilty of the murder of hostages during the soviet regime, were executed at four o'clock in the afternoon.

The others executed were Herren Sleskerhoffer, Wild, Purzel and Fehmer.

King Albert Starts for U. S. Brussels, Sept. 24.—King Albert, Queen Elizabeth and Crown Prince Leopold left Brussels, for Oostend, where they will go on board the steamship, as stated in a wireless message received from M. Tschirch, bolshevik foreign minister.

Gots Big German Liner. New York, Sept. 23.—Announcement is made that the Hamburg-American line steamship Imperator, one of the largest ships in the world, has been acquired by the Cunard Steamship company, Limited.

Train Robbers Get \$25,000. Seattle, Wash., Sept. 22.—At least \$25,000 was obtained by a robber or robbers who bound and gagged a mail clerk on an east-bound Northern Pacific passenger train between Seattle and Kanaskee, Wash.

Grape Growers' Case Falls. San Francisco, Sept. 24.—A petition by the California Grape Protection association asking that government officers be enjoined from enforcing the war prohibition act was denied by Judge Van Fleet.

\$10,000 Jewelry Robbery. Chicago, Sept. 20.—Three men in a black automobile held up the jewelry store of Vincent Gorecki, 3012 West Twenty-second street, and escaped with between \$7,000 and \$10,000 worth of jewelry.

Rebels in Honduras Capital. San Juan del Sur, Nicaragua, Sept. 20.—General Gutierrez, one of the military leaders of the Honduras revolution, has reached the Honduran capital. The telegraphed that the revolution had triumphed.

Germany Keeps Up Censorship. Berlin, Sept. 23.—An announcement has been made by the minister of culture that censorship of letters and telegrams destined for outside countries will be maintained. This is to prevent sending of money out.

## AUGUSTO B. LEGUIA

There are persistent rumors in Santiago, Chile, that Augusto B. Leguia, president of Peru, has been assassinated.

## AIR RECORD IS SET

ROHLFS SCORES ALTITUDE MARK OF 34,610 FEET.

Believed to Be New Figure—Achieved in 78 Minutes—Machine Bails for Time.

Minneapolis, N. Y., Sept. 20.—A new world's altitude record is believed to have been made here when Roland Rohlfis, test pilot for the Curtiss Airplane company, soared 34,610 feet above sea level, according to the official barograph, in 78 minutes.

Rohlfis, 34, his starting point, is 110 feet above sea level. Rohlfis actually climbed 34,500 feet, according to the barograph. His altimeter registered 34,600 feet.

Rohlfis on landing was greeted by his wife, who ran to his side and said: "What did you do?"

"I think I have done it this time, all right," he replied, and then after a few minutes he said: "I believe I am official and unofficial records have been shattered. I am satisfied this machine can't be made to go any higher with its present equipment. I am through with high flying for the present, and I am glad to be able to be down here to say it."

At a height of about 31,000 feet, his machine dropped about six hundred feet. The machine turned over on its ear and kept going from side to side with an oscillating movement. It was terrible. After working with the mechanism for some time, I finally put on high speed and found the machine righted itself and began to climb again.

"I began to use the oxygen tanks about 20,000 feet up."

"I reached the greatest altitude after climbing 78 minutes, and maintained that altitude for about 20 minutes." Nothing unusual happened to him, he said, except that his teeth ached.

"Another peculiar thing that I noticed this time was a sort of nervous twitching on my body," he added, "where I have scars as a result of burns I received several years ago. These began to pull and twitch and it lasted for quite a while."

## PEACE TREATY TO BULGARIA

Pact Is Presented to Mission at the French Foreign Office—Deny Responsibility for War.

Paris, Sept. 22.—The treaty of peace between the allied and associated powers and Bulgaria was presented to the Bulgarian mission at the French foreign office.

After the delegates had assembled Georges Clemenceau, president of the peace conference, spoke briefly in opening the session. He was followed by General Theodoroff, head of the Bulgarian mission.

M. Theodoroff spoke for 15 minutes, pleading that the Bulgarian people were not responsible for the war, but that the Bulgarian government had thrown the country into the struggle.

He realized, however, he said, that the people must share the responsibility.

"They are willing to do so," he said, "but they feel that in no way have they committed such a crime as will compel them to accept servitude."

Kill One; Loot Bank. Grand Rapids, Mich., Sept. 22.—Shooting and killing one man who attempted to give warning, automobile bandits held up a branch of the Grand Rapids Savings bank and escaped with several thousand dollars. The exact amount secured by the bandits has not been determined.

U. S. War Dead 116,462. Washington, Sept. 23.—The cost of the war to the United States in man power is now estimated officially as 116,462 dead and 305,590 wounded, a total of 422,052. Killed in action totaled 35,585.

To Close Coal Mines. Pueblo, Colo., Sept. 24.—All mines in the southern coal field, supplying coal to the Colorado Fuel and Iron company's plants here, have been ordered closed. This does not affect the commercial mines of the company.

Poet Is Master of Fiume. Rome, Sept. 23.—"We build at Fiume a new Italy," says Gabriele D'Annunzio in a message he sent to Venice. "I am absolute master of Fiume. Triumphant, I remain in the face of all."

Influenza in London. London, Sept. 23.—Influenza has made its appearance again here. It has not yet taken on the character of an epidemic, but doctors are preparing for an outbreak in the latter winter.

Louisiana Bank Loses \$10,000. Shreveport, La., Sept. 22.—Shortly before noon three unknown men robbed the bank at Gilliam, about 20 miles north of here, of \$10,000 and escaped in a motorcar toward the Arkansas line.

Chicago's Big Strike Ends. Chicago, Sept. 23.—The carpenter's strike and consequent building lock-out in Chicago were settled finally last Friday. The carpenters get \$1 an hour, the wage for which they have contended during ten weeks' test of strength.

## NEWS OF THE BADGER STATE

Madison—Madison business men are being asked to subscribe \$30,000 for stock in the Madison Railways company for the purpose of extending its lines. Because of the condition of the company's finances the railroad commission will not permit the corporation to use present working capital. Madison is now paying a 6 cent fare. While the stock is 7 per cent preferred, prospective buyers are asked to pass up their dividends for five years.

Kenosha—A gasoline launch from Chicago with a cargo of eighty-one cases of Milwaukee made beer, drifted ashore at Zion City when the engine became disabled. The Zion police force at once confiscated the cargo and arrested the crew of two men who manned the boat, which hailed from Kenosha and was said to be en route to Chicago. A dance hall operator of Chicago is said to be the owner of the launch.

Waukegan—Thomas Brom, 10 years of age, and his brother, Frank, 8, sons of Michael Brom, of Dousman, were drowned in Dutch lake when they became panic stricken when the two small rafts from which they were fishing drifted out into deep water. Both boys, becoming frightened when they found they could not touch the bottom of the lake with their fish poles, threw themselves into the water.

Oshkosh—President H. A. Brown of the Oshkosh Normal school was at Madison recently in the interests of the year college course at the local Normal which was resumed last week after having been withdrawn from the curriculum last year. Two year college courses will be available in commerce, journalism, engineering, letters and science, pre-medical, law and agriculture.

Wausau—The Chamber of Commerce of Wausau has sent out questionnaires to residents to learn the number of people in need of homes, of those who intend to build, or buy, and the number of vacant lots for sale. When the results are known, it is probable a company will be formed with sufficient capital to buy lots, build homes and sell them on installment basis.

Marquette—A successful motor transit line, known as the Upper Peninsula Wisconsin Transit line, is now doing a successful business between Green Bay and Escanaba. Six big trucks are kept busy. They make much better time than rail traffic and charge less.

Two To Be Married. To be married tomorrow morning at 11 o'clock will be Miss Mary Peterson, daughter of Mr. and Mrs. J. H. Peterson, of Marquette, and Mr. John J. Peterson, of Marquette.

Shoshone—The Shoshone Musical has been completed here by the action of Clarence E. Shepard, president, Mrs. W. P. Wheeler, vice president, E. M. Kanaw, secretary, and F. A. Labadie, treasurer. The will sign contracts bringing to city John McCormack and his company on Oct. 28, Miss Mary Peterson Nov. 18 and Luzzo and Gantz December.

Madison—To protect Wisconsin from unsanitary conditions in the business at and near Green Bay, the state has acquired the Shanting rights now given Japan. The settlement included in the Versailles treaty, he asserted, was "unavoidable," while the League of Nations offered the best hope for China's recovery of her lost province.

No Precedent for Protest. The United States, asserted the president, had no precedent in international law for even protesting against Japan's acquisition of the Shantung rights. But he added that under article 11 of the league covenant it would be the friendly right of a nation to protest against any such situation which endangered peace. For the first time, he said, the United States could make the league become the "effective friend of China."

Asks "Showdown." Recalling Japan's promise to return to China all sovereign rights in Shantung, the president said the only thing retained by the Tokyo government would be economic rights, such as other nations held. He said the United States had no right to doubt that promise.

He characterized as "empty noise" the professors of friendship of China made by those who want the treaty to fail.

Turning to the league covenant, the president said the question of whether the heart of the league covenant was to be cut out soon must come to a "showdown."

It would mean the violation of the whole plan of the league if the action was to adopt reservations to article 10 as proposed in the senate.

Talks of Six Votes. One by one, he said, the other objections to the covenant had been disposed of. To all "unfounded minds," he asserted, it now was apparent that the Monroe doctrine was fully protected; that there was no superimposition set up, and that no danger was to be feared from the "speaking parts" given to the British dominions in the league assembly.

The presidential party arrived here at four o'clock and was greeted by an escort from the Fifteenth cavalry, stationed at Fort D. A. Russell, and by a committee of citizens.

A line of march was formed promptly and the visitors were escorted through decorated streets. The president was cheered continually.

President Wilson devoted part of the day to reading newspapers picked up at Ravenna and scanned with interest news of the steel strike. The president still was without official information concerning the strike and White House officials accompanying the president said that no messages had been received aboard the train during the morning.

Steal Whisky Valued at \$1,000. Chicago, Sept. 25.—More than \$1,000 worth of whisky was stolen by burglars during a series of raids here.

Lemon Seeds. Lemon seeds, if planted and treated as home plants, will make pretty little shrubs. The leaves can then be used for flavoring. Tie a few in a cloth and drop in apple sauce when boiling and nearly done. It is a low cost essence.

The Ingenuity of Him. Young man—I hope you will object to my marriage to your daughter.

Father—Why not?

Young man—Because if you do I think she will consent to have me.

The Roman Fare. The Roman soldiers, who built such wonderful roads and carried a weight of armor and baggage, lived on coarse brown bread and sour wine. They were temperate in diet and abstemious in exercise. The Spanish peasant works every day and dines half the night, yet eats only black bread, onion and water lemon.

Great Men. Great men follow a whole people, and lift up all, who live in their time.—Sydney Smith.

## PRESIDENT SPEAKS AT CHEYENNE, WYO.

Asks "Showdown" for League; Lost if Amended.

## MEANS PACT WITH GERMANS

Senate Amendment Would Be Rejection of the Treaty and Negotiations With Berlin for Separate Agreement.

Cheyenne, Wyo., Sept. 25.—Reading again the proposed senate reservation to article X of the league covenant, President Wilson said in an address here that should any such reservation be adopted he would be obliged as chief executive to regard it as a rejection of the treaty.

The president added that rejection of the treaty would mean negotiation of a separate peace with Germany and asserted that such a negotiation could not change a single item of the peace settlement.

The reservation read by the president was the same that he had before his audience at the Salt Lake City tabernacle. By its provisions the United States would assume no obligation to preserve the territorial integrity of other nations unless congress should so decide.

Unworthy and Ridiculous. "It is as though you said we will not join the league now," said he, "but may join it from time to time. We may not promise anything, but from time to time we may cooperate."

"The thing is unworthy and ridiculous. It means the rejection of the treaty, nothing less. The issue is that, 'We can't avoid it. We've got to make the decision now and, once made, there can be no turning back.'"

Thus the nation's fate went into the league now, he added, and assumed its full responsibility it would have to come in later with Germany.

Opposed by Pro-Germans. Asserting that the overwhelming majority of the people were for the treaty, the president said that the only organized elements opposing ratification were the pro-German elements.

He said the pro-Germans were "showing their hyphen during the war."

Opponents of the treaty, Mr. Wilson said, made many insupportable objections, but had "debated seriously" only one of these objections, the Shantung settlement.

He went into the history of the Shantung concession, pointing out that President McKinley did not protest when Germany acquired the Shantung rights now given Japan. The settlement included in the Versailles treaty, he asserted, was "unavoidable," while the League of Nations offered the best hope for China's recovery of her lost province.

No Precedent for Protest. The United States, asserted the president, had no precedent in international law for even protesting against Japan's acquisition of the Shantung rights. But he added that under article 11 of the league covenant it would be the friendly right of a nation to protest against any such situation which endangered peace. For the first time, he said, the United States could make the league become the "effective friend of China."

Asks "Showdown." Recalling Japan's promise to return to China all sovereign rights in Shantung, the president said the only thing retained by the Tokyo government would be economic rights, such as other nations held. He said the United States had no right to doubt that promise.

He characterized as "empty noise" the professors of friendship of China made by those who want the treaty to fail.

Turning to the league covenant, the president said the question of whether the heart of the league covenant was to be cut out soon must come to a "showdown."

It would mean the violation of the whole plan of the league if the action was to adopt reservations to article 10 as proposed in the senate.

Talks of Six Votes. One by one, he said, the other objections to the covenant had been disposed of. To all "unfounded minds," he asserted, it now was apparent that the Monroe doctrine was fully protected; that there was no superimposition set up, and that no danger was to be feared from the "speaking parts" given to the British dominions in the league assembly.

The presidential party arrived here at four o'clock and was greeted by an escort from the Fifteenth cavalry, stationed at Fort D. A. Russell, and by a committee of citizens.

## THE ULTIMATE CONSUMER

In the good old days when every political speech had an exhaustive discussion of the tariff question incorporated in it, the "ultimate consumer" came in for quite a bit of notice, and at last the public became pretty thoroughly convinced that it was the ultimate consumer that paid the freight.

It is no more than right to go a little further and state that the ultimate consumer is the man who pays everything, the tariff, the taxes, the freight, the profit and the original cost. This also applies to the war debt that we are now engaged in paying, and that we will have on our hands for some little time to come, and that our grandchildren will be paying up long after the matter has been settled as to who won the war.

It is a nice thing to listen to the story to the effect that the man with the big income is paying most of the war debt, but if you imagine this to be a fact, you are deluding yourself. The man who had an income of a hundred thousand dollars is not going to get along with fifty thousand in order to pay off the war debt. He is in a position to raise his income enough so that he can pay his share and still have an income of the original amount. That is what they are doing all along the line at the present time, and the result is that the price of all kinds of commodities have gone up, and nobody seems to be predicting that they are going down a great deal right away.

When the prices are raised it is the ultimate consumer, the man who works and produces something, who has to pay. If you can kid yourself into thinking that the other fellow is doing all the paying, you are a lucky mortal, but a war debt is no different from any other tax, and it is the producer that has to pay it up, no matter what his station in life.

## FILIPINOS AND FREEDOM

The inhabitants of the Philippine Islands want their freedom, and we say, they ought to have it.

The people of these United States like to tell the world of the fact that we are a nation of free people, and that we want everybody else to be free, and yet we are holding in subjection a nation of people who have wanted their freedom for a number of years past on the flimsy excuse that they are not able to govern themselves properly as yet.

This is the same excuse that many of the big nations in the past have made for holding their colonies, and there never was one of the colonies that agreed with the parent country in the matter. And the colonies are right. The people of any country can govern themselves. It may not be the kind of government that we would prescribe, but it would be the kind that they want, which is the kind they should have. Our government is a trifle different from that of England, and possibly the people of England may consider that we do not know enough to govern ourselves, but if it suits us, we do not see why England should lay awake nights worrying about the matter.

So it is with the Filipinos. If they can go to bed nights feeling any happier because of the fact that they govern themselves, no matter whether that government be a better or a poorer one than we have given them, there is no reason why they should not be handed over the tiller and allowed to steer their ship of state in the manner that suits them best. And whether or not they can govern themselves properly, it is not the mission of this nation to look after them. If they make mistakes, they will find plenty of nations that will stand ready to correct them. They are a small nation, and would have to toe the mark pretty close if they desired to escape with a whole skin.

Then there is another reason why we think that they are equipped for self government. The people over there have established a press bureau and are sending out to other countries literature on the matter of self government and other things that might prove of value to the country, which would indicate that they are right up to the minute with the politicians, railroad companies, meat packers, oil companies and other big enterprises of this country. Guess there must be a little brains tucked away somewhere in the noddles of those brown fellows, even if we do not happen to consider them right up to the standard of American statesmen. If their ideals are not as high as ours, maybe their government will not be quite so good, but it may suit them just as well, and they are the ones to be satisfied.

We say, give them their freedom.

## PASSING THE BUCK

There was never a time in the history of the country when the members of congress down at Washington had such a merry time in passing the buck to their fellow members. The democrats claim that they cannot do anything because the republicans are in charge, and the republicans cannot do anything with a democratic president, so that both sides have a first class alibi when they want to dodge any issue.

However, they are not fooling everybody, and not anybody as much as they imagine that they are. There are many things come up right along which should not depend upon politics in any way to carry them thru, and the people know this. This do-nothing policy that has prevailed since the end of the war should be stowed away where it will not come to light, and the men in Washington should get down to business and take care of the matters like any ordinary business man does at home.

If our business men here balked every time some fellow of another political faith proposed anything, there would never be anything accomplished, and that is the reason nothing is accomplished down there. Just cut out the politics after you get to Washington and work for the interest of the country. That is what your constituents want, no matter whether they be democrats or republicans. It may be necessary to play politics when you get back home and are looking for a re-election, but the home folks fail to see the joke when it is kept up all the year round.

## COMMUNITY SINGING

We never could quite grasp the whickness of the what in this community singing stuff that some enthusiast tries to pull off these days wherever there happens to be a gathering of people. The fact that the average person cannot sing, and does not care to expose the fact, does not deter the aforementioned enthusiast from getting up on his or her hind feet and trying to make them. It would be just as sensible to bring down a wagonload of fiddles and hand them around to the crowd and try a little community fiddling, for just as many people try to learn to fiddle as ever try to learn to sing, and we think it is safe to say that more of them really learn to fiddle than ever learn to sing, and the noise they would make in their efforts to fiddle would not be any worse than a bunch of tone-deaf people do in trying to sing. It is a fact recognized by all musicians that one man playing out of tune in a band of one hundred will easily spoil the whole effect of the band, so what must it be when there are fifty singing out of tune in a community of one hundred people, and we feel that this is putting the average very low indeed when we say that only fifty out of the hundred are off the key.

Sunday, October 26th is the day to turn your clock back an hour, this being the last Sunday in October, which is the day that had been designated for this purpose. It is probable that this is the last that we will hear about the daylight saving proposition for a time. It seemed to be quite acceptable to the city folks, as men who worked inside all day were given an extra hour in which to get out after they had eaten their supper, but the farmers of the nation put up a continuous protest about the matter, which brought about the repeal of the law. Of course there is nothing to prevent a man from getting up an hour earlier in the morning and going to bed an hour earlier if he wants to, even tho the clocks remain as they are, but he would not have the same time during the evening for himself.

If the present epidemic of paving continues for a few years more it is evident that Grand Rapids will have some real streets. It is a trifle inconvenient to have half the streets in town torn up all at once, and nothing much be done, but the conditions this season have been unusual, and if other communities are doing the same amount of work along this line, it is no wonder that the railroads cannot take care of the business.

## SOCIAL DANCE!

Seneca Corners,  
Saturday Evening, Oct. 11

Music by Matthews Orchestra. All invited to dance to snappy music from 9 until 2 o'clock. Tickets usual price.

## EVERY ITEM NEWS FOR SOMEBODY

Community Events of the Past Week from Various Parts of the County

### SHERRY

It is with regret we learn that Mr. O. LeRoux has rented his farm to a man from Sigel and the middle of November will move with his family to Grand Rapids. Mr. LeRoux, with his uncle, was the first to open a farm in this wilderness of stumps—when the timber was cut off—and has made a fine place for his home and family. The farm is one of unusual beauty and only last year the house was remodeled, making it more attractive and convenient. The son is attending school in Grand Rapids. The two older daughters are teaching away from here, while the youngest daughter, Loretta, is having quite a walk to school, so it will be more convenient for her and perhaps Mr. LeRoux feels it will be best to quit farming now and take a little rest. We will indeed miss this family and the best wishes of a large circle of friends will go with them to their new home.

Miss Marcoux, one of our grade school teachers, went to her home at Nelson for the week end. Caroline Weingarten has gone to Grand Rapids to work now that the farm work is not so heavy as it was during the summer. Mr. and Mrs. John Labners are the proud parents of a baby boy, born Sunday night. Mrs. Carl Grossman and children spent a few days in Stevens Point last week. Andrew Heller has returned from his trip to the West and is working for C. E. Anderson.

Mr. and Mrs. Joe Pheldman spent a few days at the Henry Whitney home. They had been at Two Rivers, Mich., and stopped off for a short stay here, leaving Monday for their home at St. Paul, Minn.

Miss Lorain Gates has a birthday on October 6th and consequently a birthday party on Monday night.

George Davis of Lodgeville is visiting at the homes of his uncles, the Parks families.

Mrs. Anton Wiken was hostess to The Royal Neighbors on Thursday afternoon last, and those present were served a royally good supper.

Mrs. Gustave Manthel entertained the Lutheran Ladies Aid at her home on Thursday and the day was so delightful a picture was taken on the lawn in front of the house.

Mrs. John Lounsbury is recovering from quite a serious illness of a weeks duration from stomach trouble.

We are also glad to report that Glen Lounsbury who had the misfortune to hurt himself so severely, is gaining and it is to be hoped will soon be out again.

Miss Edna Becker was home for the week end, returning to Stevens Point in time for her work.

Edgar Korke will move on Tuesday to the farm recently purchased by his parents. The other family will not go until the first of March. Mrs. Gerke is in better health, we are pleased to report.

C. E. Anderson left for Milwaukee on Monday. Mrs. Anderson returned from the same city recently accompanied by a young lady house guest.

The Presbyterian Sabbath school has assumed the care of one of the destitute children in Armenia. It takes but \$60.00 to feed one of these starving, homeless orphan children and the Sunday Schools of America are caring for as many as possible.

Everyone is digging potatoes and the yield is not what the diggers would like to see.

The beauty of the country could hardly be improved on—every maple tree seems to have a glory of its own.

### NEW ROME

Mrs. Emma Leard and daughter Beatrice visited Sunday at the Robert Kerrins home at Plainville.

David Listenberg is visiting at the Charley Pike home.

Mrs. F. C. Patefield and family left for Chicago Monday. Mr. Patefield went Friday.

Mr. and Mrs. Herman George and John Nelson came up here Wednesday.

Miss Maude Pike is visiting with her parents a few days.

Miss Mary Petersen entertained the Ladies Aid last week Tuesday.

Victor Blaszeyk filled silos for Joe Corbin. Peter Petersen and Walter Hoeft the past week.

Potato digging vacation started this week.

Misses Lillian Corbin, Alma Paefeld and Lydia Hoeft visited with Miss Beulah Lloyd Saturday evening.

Miss Edna Pike is on the sick list. Mrs. George Lampman is also numbered among the sick.

Little Dorothy Edwards of Grand Rapids is visiting with her grandmother, Mrs. E. J. Hoeft and family.

Martin Hoeft who has been working at Adams for his brother-in-law, John Breene, the past summer returned home Sunday.

Gilbert Kellogg is working for Victor Blaszeyk.

Walter Hoeft was a Sunday caller at the Kunds home.

Mr. and Mrs. Tony Edwards and family of Grand Rapids visited Sunday at the Mrs. E. J. Hoeft home.

Earl Tuttle was a visitor at the Frank Raasch home at Kellner, Sunday.

Mr. and Mrs. Lloyd Davis and Mr. and Mrs. Thomas Petersen of Grand Rapids were visitors at the Peter Petersen home Monday.

Mrs. Chas. Durkey is enjoying a visit with her grandmother from North Yakima, Washington.

### PLEASANT HILL

Miss Anna Horn who has been working near Watertown is visiting at her parents' home.

Mr. and Mrs. E. H. Likes were callers in our community Monday.

Mr. and Mrs. Stueber of Watertown visited last week at the John Horn home.

Mrs. Ida Robinson left Tuesday for Hiles and White Lake where she will visit for some time with relatives.

—Money to Loan. I have \$1,000 to loan on good city or farm property. Edward Pomainville, the Real Estate Man.

### SIGEL

Last Thursday afternoon a miscellaneous shower was given at the home of Mrs. Axel Pearson in honor of Miss Anna Anderson. The afternoon was spent in social converse. Miss Anderson was the recipient of many useful and beautiful gifts. A delicious lunch was served, after which the guests departed for their various homes.

Eric Peterson left for his home in Chicago on Saturday after spending a few days with relatives here.

Eric Pearson arrived here on Wednesday from Rockford, Ill., and is a guest at the Gust Anderson home.

Mrs. Wm. Winger is entertaining her sister from Athens this week.

David and Josef Anderson of Cranmoor spent Sunday with relatives here.

Mrs. Henry Garrells of Veedum visited her parents here last week.

Emery Taylor of Portland, Oregon, visited at the Whitman home recently.

Mr. and Mrs. Arthur Burgeson entertained at a party at their home on Sunday afternoon. The afternoon was spent in social converse. Selections of the Victrola were also played, which added to the pleasure of the guests. At five o'clock delectable refreshments were served, some being laid for ten. Those present reported a splendid afternoon.

Miss Lily Larson of Mosinee is spending the week at the home of her parents here.

### TEN MILE CREEK

Threshing is the occupation of the community, there being two machines in the neighborhood, and the work cannot go fast enough. Funny how the little jobs will attract them all at once.

Don't forget the farewell party given at the Henry Weiss home in honor of Mr. and Mrs. J. Brach who have left their farm to Mr. and Mrs. C. Weiss, and are leaving for Chicago soon. Chicago, they say, is the only town on the map. Everybody come next Saturday evening, the 11th and have a good time. It is for the old folks, too. So don't let the young ones beat you to it.

Richard Matthews returned to Hollandale last Monday after spending a few days with home folks.

Mr. Herman LaBuidie and mother are laid up at the present time with rheumatism.

Several of the young folks from here took a trip to Grand Rapids to see the good show they had on at the Palace, Sunday evening.

Richard Matthews and sister, Bessie Lipsitz, also Henry Weher, were business callers at the Brach home Sunday.

A number of friends and relatives spent Sunday at the Ramsey home.

Walter Matthews visited with the home folks on Sunday.

B. Sogel, George and Robert Rohm and Arnold Ingraham spent Sunday evening at the Lipsitz home.

Henry Weber, who just returned from Kingston, Ill., with a 1914 Ford, spent a few days visiting his friends these parts.

Mr. and Mrs. Chauncy Vinegar are still in these parts visiting with friends and relatives before starting out to their new home in New London. Their friends here join in wishing them happiness and a successful married life.

### ALTDORF

Ed Schult who bought the Albert Emerson farm, arrived this week, and Mr. Emerson has moved to Port Edwards where he will work for the Nekooza-Edwards Paper Company.

Mrs. O. J. Leu made a business trip to Milwaukee and Chicago last week.

Mr. and Mrs. Geo. Huser are rejoicing over the arrival of a baby girl at their home Wednesday, Oct. 1. She has been christened Rosaline Mamine.

O. J. Leu made the following sales of pure bred stock the past week: A bull to L. J. Ruesch; one to Geo. Hawes and Lee Covey, near Pittsville; and a cow to Will Schultz of Sigel.

School has opened with Phineas Baetels as teacher.

Our cheese factory has just added a new whey separator and check pump to its equipment.

### MEEHAN

Farmers are all busy digging potatoes just now. The early crop was a complete failure, but late potatoes are pretty good, and a large percentage of them are being delivered to market now as there were no early ones.

Mr. Will Gauke, wife and children, and Miss Mabel Gross all of Grand Rapids, visited here Sunday at the home of Mr. and Mrs. Frank Winkler.

Mr. M. L. Barden autowed up to Wausau one day last week to take Mrs. L. T. Fox and sons, Burton and Victor, up there to attend the funeral of a relative, Mr. Walter Mulkins, of that place.

Mrs. George Warner and Mrs. Frank Mathewson of Stevens Point were here one day last week calling on friends.

Mrs. Harry Slack is having a rather serious time with a severe attack of bronchitis and pleurisy.

Mrs. Wm. Clusman is in a serious condition at this writing, with a severe attack of pneumonia.

A crowd of young people gathered at the home of Mr. and Mrs. B. S. Fox Monday evening for a farewell party on Donald and Jennie Fox. Donald, who is a sailor on the U. S. S. Wyoming, will return this week to his ship, having spent a 20-day furlough at home. Jennie left Tuesday for Chicago to make her future home. Among those from a distance who attended the party were Garrett Fox, Alma Center, Wis.; Mabel Gross, Miss Rogers, Mr. Stanley Pascavis and Mr. Geo. Fox, all of Grand Rapids; Ed. Larson and brother, Harold, and Miss Birch of Armenia; Ed. Larson was a former shipmate of Donald's while the fleet was over in the war zone.

### RUDOLPH

The chicken chowder given by the Catholic congregation in Haumschids hall Sunday was not as well attended as was anticipated on account of rainy weather and bad roads. A few from Grand Rapids were present but not as many as generally attend these church gatherings. \$535 was taken in and around \$400 will be cleared towards the building fund. Mrs. Peter Lem held the lucky number which drew the rocker; Mrs. K. J. Marceau the silver spoons; Frank Wagner the gold crucifix; Mrs. Henry Johnson drew the doll whose name is Rudolph, but no one in Rudolph could guess its name, and she drew it by number.

Your correspondent has been so busy of late that she did not get time to write. It was not that there was no news, as there is always news in Rudolph, even a doll will be named Rudolph, and the Rudolph property is rapidly changing hands.

Since John Blomion bought the W. J. Clark property he has made many changes. He cleaned out the grist mill and is now grinding feed every Monday and Tuesday; and he has cut one of the big trees down and will cut the other and erect a big concrete garage just east of the old one. The concrete blocks have arrived and are being hauled.

A new whey pump has been put in the tank and a new cover on the tank at the creamery.

The Baughman cheese factory burned to the ground last Friday morning, origin of the fire unknown. Lloyd Ratelle worked at the Baughman cheese factory making cheese, last week, until the plant burned. Geo. Ratelle quit Monday morning and left them without a cheese maker. Harold Clark had been hired and would have begun work last Sunday had it not been for the fire.

The state road work is progressing nicely; they are now grading it and it will soon be a good piece of road from the creamery south to Geo. Bushmaker's.

Mr. and Mrs. Art Clark and family of Mosinee spent Sunday and Monday at the W. J. Clark home.

Dewey Whitmore is acting as de-pot agent for a short time.

Mr. and Mrs. P. S. Root are enjoying the music of their New Edison.

Mosinee Times.—Mrs. Frank Gokey was pleasantly surprised on Monday night by about fifty of her friends. The surprise was sponsored by her mother, Mrs. Nic Marceau. Cards were enjoyed and refreshments served. Mrs. Gokey was presented with a rocking chair by the guests.

### SARATOGA

Nels Johnson departed for Chicago last week for a couple of weeks visit with friends and relatives.

The Ladies Aid will meet October 16 with Mrs. Pauline Hanson.

Mrs. C. H. Reimand and Mrs. Tom Chrystal spent Sunday with their mother, Mrs. N. H. Potter, at Grand Rapids.

Mrs. George Gutenbergberger departed for Nekeosa last Tuesday.

One Johnson of Kibbourn is visiting in the neighborhood.

R. Kister is having a large barn built on his farm. G. Knuteson and J. Johnson are doing the carpenter work.

Tom Robeson of Chicago visited over Sunday at the C. W. Detes home.

Mr. and Mrs. John Peterson, Sr., who recently sold their farm have purchased the home of Mrs. N. H. Potter. Mr. and Mrs. Peterson will soon move to Grand Rapids to reside.

Mrs. John Long is visiting friends in Chicago this week and next.

Mr. and Mrs. Albert Behrend and Ruth Barney of Grand Rapids visited at the home of Mr. and Mrs. Irvn Gukenberger Sunday.

Dr. J. J. Leach of Grand Rapids was called to see Mrs. G. Glick who was taken very sick Friday night. Mrs. Glick is reported better.

Thom Chrystal is busy putting in telephone line to Nekooza.

The Loutske boys are threshing in the neighborhood this week.

Walter Burmeister departed Monday for Grand Rapids where he will serve on the jury.

A large number of young people spent Sunday evening at the J. Johnson home.

A. G. Denniston and family and Emma Misener of Rudolph were the visitors at the George Peterson home Sunday.

Mr. and Mrs. M. P. Johnson and Mr. and Mrs. J. Johnson visited at the W. Tesser home in East Nekooza and at the James Johnson home at Tennile Creek Sunday.

P. Knuteson and family visited at the James Johnson home at Tennile Creek Sunday.

—“Let ‘er Go Annabelle.” Daly's Theatre, Friday. Twenty-five people, mostly girls. Popular prices.

### SENECA ROAD.

Mr. and Mrs. Adam Shoop of Racine, who formerly lived on the O'Gray farm, were visiting friends here last week.

T. Daly has sold his place near the Green Bay track to a man from Mauston, and is moving to the Otto farm in Hansen.

F. W. Jones is serving on the jury in Grand Rapids this week.

Mrs. E. Pease, and Mrs. May of Grand Rapids, with Mrs. Earl Hayward of Chicago, were callers in the neighborhood last Monday.

Anton Walczak moved his household goods to Grand Rapids on Saturday, and A. Laufer of McGregor, Iowa, moved to the Walczak farm.

The S. S. C. met with Mrs. Jones last Thursday. After a short program on the subject of “Laborator and Dr. Greenfell” the time was spent socially. The next meeting will be held Nov. 6, with Mrs. Wagner.

The Central Wisconsin Live Stock Breeders' Association will hold their tenth semi-annual Holstein sale on Thursday, October 23, 1919, at Marshfield, Wisconsin. W. W. Clark, sales manager.

1,000 HEAD OF THE BEST DAIRY CATTLE IN THE WORLD TO BE SEEN ON EXHIBITION

Scene in the Cattle Judging Ring at the National Dairy Show, Where the World's Finest Dairy Cattle Are Shown.

One thousand head of the best dairy cattle in the entire world, representing the five leading dairy cattle breeds, will be on exhibition at the National Dairy Show in Chicago from October 6 to 12 this year.

For the man or woman who is interested in dairy cattle and also for the man and woman who has no particular interest in them, this year's showing of dairy cattle at the National Dairy Show will be inspiring. Seed stock of the five leading breeds will be shown. Every-day cows and bulls will be seen in competition and demonstration from the Cow Test associations of the central West. There will be herd demonstrations on the results of feeding and breeding for production. Scrub dams with improved produce will show what intelligent and well-directing breeding efforts will accomplish in the way of better dairy cattle.

What would seem to be fabulous prices have been paid recently for single heads of dairy cattle, both cows and bulls; and yet these prices are based on actual value. One bull recently brought a price of \$125,000 at public sale, and \$60,000 is reported to have been paid for a single cow. Many of these aristocrats of the cattle world will be seen at the National Dairy Show.

Different days at the show will be set apart for the judging in the ring of the different breeds.

UNDER STATE SUPERVISION

The Money That Goes Farthest is the Money that Stays at Home.

When you bank with a home bank your money helps to develop a better community in which you live. It assures better schools, better roads, better business and better farming and all these things summed up mean bigger success for you who live here.

We take pleasure in assisting in the extension of business in this community because we live here and our interests are mutual with your own.

Deposit with this bank—a home bank—and you'll find us ready to take care of you when you need assistance.

**VESPER**  
(From the State Center)

Jake Schmidt has been loading two cars of stock and household goods the past two days to ship to his new farm at Randolph.

Adolph Alberts has moved his family out of the Monogram hotel and has rented the McKivier house formerly occupied by Ed. Caswell.

The Kirkpatrick family left last week for their home in Chicago for the winter. Mr. Kirkpatrick and his son were draftsmen for the new brick yard.

Mrs. A. J. Cline has rented her farm north of town to a party from near Stevens Point, and Mrs. Cline is moving into the home she recently bought in Appleton.

The barn on the Frank Rokus farm caught fire Friday and burned to the ground together with the hay. The exact origin of the fire is unknown, whether a spark came from the chimney or whether a spark came from a pile of burning stumps some distance from the barn.

G. T. Kamps has bought the Geo. E. Jartin store building and will convert the same into a blacksmith shop building.

Ben Gardalen started Monday morning to excavate the basement for the addition to Otto Pagle's shoe shop building.

Mike Kane left Wednesday for Kibbourn to visit the family of a cousin for a few days.

—Big Musical Comedy, Doly's Theatre, Friday, Oct. 10th.

SOME PERTINENT FACTS ABOUT THE NATIONAL DAIRY SHOW

Organized in 1905 in Chicago.

Thirtieth annual show to be held this year in Chicago, its birthplace.

Is a non-profit organization. Earnings from National Dairy Shows go into development work for good of entire dairy industry.

Has grown from a comparatively small into a great national institution.

In 1911, the entire show occupied less than 75,000 square feet of exhibition space; this year over 100,000 square feet will be given over to machinery and related exhibits, 100,000 square feet for exhibition of cattle and 50,000 square feet and over for educational exhibits.

The platform of the National Dairy Show is: To encourage the production of dairy cattle and milk products, under the most modern sanitary methods, to develop improved methods for the manufacture of dairy products and bring about a standardization of the best dairy products on earth.

**Cho-Cho Will Enliven National Dairy Show in Chicago This Year**

The United States government thought enough of Cho-Cho to have him for an entire week, working and entertaining in the building of the department of the interior in Washington.

Cho-Cho is a clown, but he is a man who is doing, perhaps as much as any single person, a great work in spreading the gospel of good health and how to acquire it. He entertains and he teaches; his work is unique, but his results are big. He appears in typical clown regalia, does sleight-of-hand tricks and performs other antics, but all the time he is driving straight home the big lesson that comes of a healthy, vigorous body.

Mrs. Ira Couch Wood, who is in charge of the women's activities, is Cho-Cho for the National Dairy Show, which will be held this year in Chicago from October 6 to 12. Cho-Cho will be one of the big attractions at the show.

**MOTHERS, BRING KIDDIES WITH YOU TO CHICAGO**

It may be taken as a settled fact that every mother is interested in knowing how her children "stack up" as far as health, weight and general efficiency go. At the National Dairy Show in Chicago this year mothers will have the opportunity of finding these facts out from men and women who have made a deep study of the question.

Children will be weighed, examined, tested and scored by these experts at the National Dairy Show, and cards showing just how the little ones score for each department will be presented to the mothers. It is hoped and believed that large numbers of mothers will take advantage of this unique and highly beneficial feature of the Dairy Show, and will bring the children with them to Chicago for examination.

**Deliberating.**

"You say the jury is deliberating?" "Yes, they are," replied the sarcastic lawyer. "The only juror who has a thumbnail of brains is probably telling 11 numskulls that my client is guilty."—Birmingham Age-Herald.

DAIRY INDUSTRY IS \$3,000,000,000 A YEAR INDUSTRY

Its Greatness Will Be Exploited at National Dairy Show in Chicago in October.

**BIGGER, BETTER THAN EVER**

It has been estimated that 7,000,000 persons in the United States are directly interested in the dairy industry. Figures place the value of the yearly output of the industry as high as \$3,000,000,000 a year. It is one of the really great industries of the country.

The great gathering place of the people of the dairy industry and those interested in it will be in Chicago this year from October 6 to 12. On those dates the National Dairy Show, the big annual exposition of the business that furnishes man's most vital food to millions every day in the year, will be held in the International Amphitheatre, Union stock yards.

The National Dairy Show is always the most important event of the year for the dairy industry and this year will be by far the largest, best and most important of all National Dairy Shows. The fact that the United States government has a post-war message of dairying to deliver to the world and has chosen the show as the medium through which to deliver it at once raises the National Dairy Show to a position of extreme importance. The show will take on an international character because official delegations from many foreign countries will be present to hear what Uncle Sam has to say.

**Whole Industry to Be Shown.**

For the National Dairy Show the entire industry—"from the grass roots to the delivery of the finished product to the home"—will be brought to Chicago. Nothing will be missing; there will be everything that has to do with dairying in any of its branches. There is every indication that record-breaking crowds will see the show.

To tell all that the National Dairy Show of 1919 will contain would fill columns.

There will be cattle for the lovers of cattle—1,000 head of the best dairy cattle in the whole world. These will include cows and bulls for which fabulous prices have been paid. Every kind of feed and forage will be shown. The exhibits of butter, milk and cheese in competition from all parts of the country will be enormous. The largest cheese ever made, weighing \$1,680 pounds, will be on exhibition. There will be exhibits of every method or device perfected for the manufacture of butter, cheese, ice cream, milk powder, evaporated milk or cream.

**Wonderful Government Exhibits.**

There will be exhibits of every device perfected for use in the barn, on the farm or in the factory for the better care and handling of dairy products and the lessening of human labor.

The United States government will make exhibits comprehending the work before the industry to meet the world's demand for dairy products. Through the Child Welfare bureau the government will treat on the nutrition side of the milk question and through the educational bureau of the department of the interior the subject of proper nutrition for school children.

Actual children will be used in these demonstrations and also in the exhibits and demonstration arranged by the woman's department under the supervision of Mrs. Ira Couch Wood of Chicago.

**Entertainment for Women and Children.**

Special pains are being taken to make the National Dairy Show of 1919 particularly attractive to women and children. There will be many features for their benefit, including exhibits on domestic science, the weighing and scoring of children for health, standards, afternoon teas, receptions, etc.

There will be conventions and meetings all during the week of cattle sales, cattle judging, competitions, milking contests, students and boys and girls' judging contest and a variety of other entertainment.

There will be a horse show every night with some of the best show horses in America being put through their paces.

In short, the National Dairy Show will be a week to revel in, a week of enjoyment, entertainment and instruction.

The dates of the show are from October 6 to 12.

**Make Hotel Reservations Now.**

It is none too early to make hotel reservations in Chicago for the week of the National Dairy Show—October 6 to 12. There is every indication that the crowds at the show will be the largest in the fifteen years of its existence.

Motortrucks will have a place in the exhibits of the National Dairy Show in Chicago this year. The motortruck is the dairyman's new mode of moving the products of the dairy.

Over fifteen tons in a single cheese! This cheese will be an exhibition at the National Dairy Show this year.

Governor Lowden of Illinois will be an exhibitor at the National Dairy Show in Chicago this year.

ANNOUNCEMENT

—Irvin D. Peters, Eyesight Specialist, has opened an optical parlor in the Johnson & Hill department store, Grand Rapids.

Graduate optometrist, Northern Illinois College and Midland University, Chicago. He can take care of your needs in the eye-glass line. If your head aches, eyes strain you and you cannot see well for reading, you need glasses. Have a lens grinding plant so can replace most any lens in one hour.

Examination free.

**DON'T COVER POTATO PITS WITH VINEN THIS YEAR**

That potato pits should be no means be covered this year is the conclusion drawn from the experiments in Bay County, where late blight has attacked the vines and is causing much rot of the tubers. The experimental plot is being used to determine whether or not late blight can be controlled after the vines are badly infected and whether it is advisable to cover the pits with the vines.

R. L. Cuff, county agent, who is in charge of the experiment describes it.

"Vines were pulled from two rows of potatoes. The next two rows were covered with diseased vines. The third group of two rows was left the usual way, with vines intact. One-fourth of the plot will be dug each week until the crop is harvested. Each week a pit is covered with hay, another with potato vines, and a like quantity is stored in the cellar.

"The pit covered with hay at the end of the first week showed little rot, while the tubers covered with potato vines showed a bad infection of late blight rot. Apparently the vine covered potatoes will be half rotten in another week.

The rows covered with vines showed a 22 per cent rot at the end of the first week; the rows with vines still standing had 25 per cent rot; the rows with vines removed showed but 10 per cent rot. Fields covered with hay, which were properly sprayed, showed scarcely any rot.

Although the experiment is not yet complete, says Mr. Cuff, the 22 per cent of the potatoes covered in the fields with vines and the very serious infection of rot in the vine-covered pits indicate that vines should not be used for covering.

**A Comparison.**

One of the largest squares in London, the open space called Lincoln's Inn fields, is said to be the same size as the base of the Great Pyramid at Gizeh.

—We have fifteen new phonos to show you at our music store. This is the best selection we have had since 1916. Come in and see them. Doly Music Co.

Oct. 2 In Wood County, County Court in Probate.

In the matter of the estate of Mathilda Karberg, deceased.

On reading and filing the application of Eric Karberg, administrator of the estate of Mathilda Karberg, deceased, representing among other things that he has fully administered the said estate, and praying that a time and place be fixed for examining the account and accounting of the said administrator, and that the residue of the said estate be assigned to such persons as are by him entitled to the same.

IT IS ORDERED, That said application be heard before this court at the probate office in the City of Grand Rapids, on the 28th day of October, 1919, at 10 o'clock A. M. AND IT IS FURTHER ORDERED, That notice of the time and place of examining the account and accounting of the said administrator, and of assigning the residue of said estate, be given to all persons interested in the said estate, by publication of a copy of this order in three successive issues of the Grand Rapids Tribune, a newspaper published in and for the city of Grand Rapids, Michigan, before the day fixed for said hearing.

Dated this 30th day of September, 1919.

By the Court,  
W. J. Conway,  
County Judge.

John Roberts, Attorney.

Sept. 11 In State of Wisconsin, Wood County, in Circuit Court.

Jessie Whitebear, an infant, by D. D. Conway, her guardian ad litem, plaintiff, vs. John Whitebear, Defendant.

The State of Wisconsin, to the said Defendant:

You are hereby summoned to appear within twenty days after service of this summons, exclusive of the day of service, and defend the above entitled action in the court aforesaid; and in case of your failure to do judgment will be rendered against you according to the demand of the plaintiff of which a copy is herewith served upon you.

D. D. CONWAY, Plaintiff's Attorney

## Tested 250,000 Miles Three-Point Cantilever Springs Greatest Improvement Since Pneumatic Tires

OVERLAND 4 has been put through the most thorough and severe test possible. 250,000 miles of mountain trails, desert sand, heat, cold, mud and dust, demonstrated the quality of every part of the car long before we began manufacturing.

This remarkable test showed conclusively that Three-Point Cantilever Springs, exclusive with Overland, are the greatest improvement in riding comfort since the introduction of pneumatic tires.

They protect the car from road shocks and prolong the life of every part.

They enable the wheels to hold better to the road. They give greater comfort under all road conditions.

They do away almost entirely with side sway and rebound which twist and rack the car.

Diagonal attachment of the Three-Point Springs at both ends of a 130-inch Spring-base gives the steadiness and smooth riding of the heavy car of long wheelbase.

Equipment is complete from Auto-Lite Starting and Lighting System to Marshall Divan Spring Upholstery.

Come in and see this car. Ask for Booklet. Overland 4 Touring, \$845; Roadster, \$845; Coupe, \$1325; Sedan, \$1375; Prices f.o.b. Toledo.

60 inch Springbase  
100 inch Wheelbase

**NASH HARDWARE CO.**

Cho-Cho, the Super-Clown.

ing the gospel of good health and how to acquire it. He entertains and he teaches; his work is unique, but his results are big. He appears in typical clown regalia, does sleight-of-hand tricks and performs other antics, but all the time he is driving straight home the big lesson that comes of a healthy, vigorous body.

Mrs. Ira Couch Wood, who is in charge of the women's activities, is Cho-Cho for the National Dairy Show, which will be held this year in Chicago from October 6 to 12. Cho-Cho will be one of the big attractions at the show.

**MOTHERS, BRING KIDDIES WITH YOU TO CHICAGO**

It may be taken as a settled fact that every mother is interested in knowing how her children "stack up" as far as health, weight and general efficiency go. At the National Dairy Show in Chicago this year mothers will have the opportunity of finding these facts out from men and women who have made a deep study of the question.

Children will be weighed, examined, tested and scored by these experts at the National Dairy Show, and cards showing just how the little ones score for each department will be presented to the mothers. It is hoped and believed that large numbers of mothers will take advantage of this unique and highly beneficial feature of the Dairy Show, and will bring the children with them to Chicago for examination.

**Deliberating.**

"You say the jury is deliberating?" "Yes, they are," replied the sarcastic lawyer. "The only juror who has a thumbnail of brains is probably telling 11 numskulls that my client is guilty."—Birmingham Age-Herald.

W. T. Jones is able to be about again after being confined to his home for ten days with an attack of the grip.

Kr. and Mrs. E. L. Hayward of Chicago spent several days in the city the fore part of the week looking after some business matters.

Mrs. T. C. St. Louis of Cuba, New Mexico, arrived in the city on Thursday to make an extended visit with her daughter, Mrs. Edgar Kellogg.

Mr. and Mrs. Warren Sanderson of Shawano autoed here on Saturday and spent Sunday visiting with the latter's parents, Mr. and Mrs. E. S. Renne.

Mr. A. Carlson and sons, Roy and Herbert, of New Rome, were in the city Thursday, and that night, Mr. Carlson and Roy left for Des Moines, Iowa, and Herbert left for Minneapolis.

Mrs. Wm. Tefau left Wednesday morning for Eau Claire, where she will visit with her mother, Mrs. Warren Huntsinger and sister, Mrs. Eric Miller. Her husband will join her in a few days.

Orson Cochran is tuning pianos at Greenwood this week.

Mrs. A. L. Fontaine is visiting with relatives in Mellen for two weeks.

Jensen & Anderson received another car load of Ford tractors on Saturday.

Mr. and Mrs. C. E. Kruger are visiting with relatives at Chicago for two weeks.

A son was born to Mr. and Mrs. Chas. Holstrom on 9th Ave. N., the past week.

Major Robt. Connor of Marshfield transacted business in the city on Saturday.

Judge W. J. Conway transacted business in Chicago several days the past week.

Miss Rose Brunkalla has returned from a two weeks visit with relatives in Milwaukee.

Mrs. Lee Thompson is laid up, suffering with a bad foot where she stepped on a rusty nail.

Mr. and Mrs. M. J. Peavel departed on Friday for Madison where they expect to spend the winter.

A large crowd gathered at Lee Thompsons Saturday night and helped him celebrate his birthday.

Mrs. Frank Hyden, Nekosco, and Mrs. Jessie Bates, South Side, spent Thursday with Mrs. Lee Thompson.

F. Kruger spent several days in Chicago the past week on a purchasing trip for the Wood County Grocery Co.

Mr. and Mrs. R. C. Carlson of New Rome spent Thursday and Friday visiting relatives here, and at South Side.

Mrs. W. A. Bogumil returned to her home at Mellen on Thursday after a two weeks visit at the Hammer home.

Mrs. James Howlet spent several days the past week at Reedsburg visiting with relatives and attending the Home Coming.

Mrs. Chas. Matthews of Green Bay arrived in the city on Saturday and will spend the winter with her son, R. P. Matthews.

Mr. and Mrs. J. C. Keiffer of Auburndale were in the city on Tuesday, shopping, and taking in the farm exhibit at the Johnson & Hill Co.

Miss Eleanor Ramthun, who has been employed in the law offices of Goggins and Brazee, left the fore part of the week for Ladysmith, where she has accepted a position.

Henry Sherman of Nasonville spent Sunday at the home of his son, Earl Sherman, V. L. Sherman of Plattville was also a visitor at the home of his brother, Earl, over Sunday.

G. N. Prentiss of Milwaukee spent several days in the city the past week on business and calling upon his friends about the city. Mr. Prentiss is now connected with the sales department of the Julius Andrae Co. of Milwaukee.

Wm. F. Gleue was in Janesville on Monday where he saw many of the boys from this city and vicinity who are working down there, and reports them all to be getting along nicely and apparently prosperous and happy.

H. J. Wegener, a Wausau druggist, was arrested on a charge of having caused the death of Herbert Konkle, September 6, by poison given thru a mistake in filling a prescription. The young man is held under bond for trial October 25.

Wm. Larry who has been driving the west side fire team the past year has resigned his position and moved onto the Sampson farm which he has leased. Hob Kline who has been at the west side station has taken Mr. Larry's place and Wm. Withers has been appointed the west side driver.

Fourteen ladies gathered at the home of Mr. and Mrs. Fred Holmes, Monday night, on Chase street, and gave them a party and serenade. Singing and a social time were enjoyed. Refreshments were served after which the ladies returned home wishing their hosts long life and happiness.

Tim Daly has sold his place west of the city to Mrs. Eavis J. Curtis of Sparta, who with her son, Earl Curtis, will occupy the place. Possession will be given this week. Mr. Daly will make his home with his son, Ed. E. Daly, who has bought the Louis Otto place in the town of Hanson.

Mr. and Mrs. John Plenke, Jr., celebrated their silver wedding anniversary on Sunday, when there was a gathering of relatives at their home. A six o'clock dinner was served, covers being laid for thirty, and the evening was spent in the most pleasant manner by those in attendance.

The Tribune acknowledges the receipt of a souvenir of the city of Des Moines, Iowa, from George N. Wood, who was there during the past week looking after some business matters. The souvenir is a nice one, such as any city might be proud to send out, and shows a large number of the principal buildings there as well as places of interest.

Wausau Pilot.—Many fish fry are going to be placed in Lake Wausau at the instigation of F. P. Renger. The fry comes from Mississippi waters and consists of many kinds. Big Rib is a muscullouge stream and a feeder to the lake and there isn't a doubt but what there will be splendid fishing in the lake in a few years.

Mrs. A. E. Weatherwax and children who departed several weeks ago via auto for Nampa, Idaho, have reached their destination safely, and report an enjoyable trip, taking in Yellowstone Park enroute. They expect to make Nampa their home. Mr. Weatherwax having purchased five acres of irrigated land in the city limits which his son intends to work. Mr. Weatherwax expects to remain in this part of the country for several years, after which he will also locate out west.

Mr. and Mrs. Charles Dougharty, who have been located in Alabama during the past year, arrived in the city the latter part of last week to spend a short time visiting with Mr. Dougharty's mother, Mr. Dougharty was employed on some work for the government during the past year, and while he enjoyed his year in Alabama, he does not care for that part of the country as a place of permanent residence, and thinks that he will probably go west again, having resided in Butte, Montana for several years prior to his going to Alabama.

## WAR SERVICE WORK OF BELGIAN RELIEF

Since making our last report, in March, 1919, the Committee has been working on what was called "our last consignment to the War Relief Headquarters in New York City, which is constantly sending clothing, food, farming implements and money to relieve the people living in the war zone of Europe. In May we sent \$50.00 to Belgium to be used to purchase milk for the babies. June 1, we sent \$100.00 towards the fund to purchase farming implements. We have kept in touch constantly by the Dugan War Relief fund, sending clothing, food, and other necessities to the people.

June, besides all sorts of farm farming implements. Our contribution went to aid these causes.

Two boxes, Nos. 51 and 52, were shipped today, containing the garments and comforts made during the spring and summer. Thirty layettes were sent, each one containing from 44 to 46 garments, all made of new material of the best and most serviceable quality and the present shipment averaging four garments more than the ones previously sent.

Besides these infants' layettes the boxes contained new quilts, woolen socks, scarfs, caps, dresses for women and children, good woolen underwear, shoes, winter coats, and caps which will surely bring much comfort to the stricken people to whom they are consigned.

In making a report of the work done by the women of the town who have so kindly made this work possible there may be some omissions, as many times parcels containing made garments were received without the name of the sender, so that it is impossible to avoid errors under the circumstances, but as far as possible the name of every lady returning sewing or making contributions has been carefully kept and recorded. Mrs. George R. Gardner as vice chairman, and Miss Mabel Gardner have been untiring in their efforts to make as many garments as possible and all so well done. They made 30 baby bewtings, 27 dresses, 1 wool jacket, 3 blankets; Mrs. Smart 72 diapers; Mrs. John McCann 16 shirts, 95 diapers, 3 women's skirts, 1 quilt, 9 jackets; Mrs. Irah Babcock 58 bags for the layettes, large and small, 30 needle books, 1 quilt (silk), 2 robes of sort muslin; Mrs. F. J. Wood 1 quilt; Mrs. Bauldauf 1 quilt; Mrs. D. J. Arpin 1 knitted bonnet; Miss Carol 3 shirts; Mrs. John E. Daly 2 kitchen aprons, 3 pair shoes; Mrs. Beasa 10 dresses, 3 jackets; Mrs. Goggins and Mrs. Hooten 7 bonnets, 4 quilts, knitted robe, 3 pair booties, 3 flannel shirts, 79 diapers.

The women of Saratoga made a fine contribution towards these boxes: Mrs. Peter Johnson 3 jackets; Mrs. John Johnson 1 dress, 3 shirts; Mrs. Eric Knuteson 5 dresses; Mrs. Geo. Slick 3 dresses, 3 shirts; Mrs. Geo. Peterson 3 dresses, 3 shirts; Mrs. John Long 3 dresses; Mrs. Geo. Knuteson 5 dresses, 6 shirts; Mrs. Charles Johnson 5 shirts; Mrs. Otto Lorens 3 shirts, 1 jacket; Mrs. Chas. Lindberg 2 dresses, 4 shirts.

Mrs. Geo. Hill 6 dresses; Miss Haeger 1 bonnet; Mrs. Giddings 6 shirts; Mrs. Later 17 shirts; Mrs. Katherine Staub 3 shirts, material for two bonnets; Mrs. Will Chambers 12 jackets, 2 shirts; Mrs. Layton 1 shirt; Mrs. Peck 14 shirts; Mrs. McCann 32 diapers; Mrs. Laird Warner 3 shirts; Mrs. George Mead 39 diapers, 1 towel; Mrs. A. Mowen 89 diapers; Mrs. Charles Boles 7 shirts; Mrs. Richard Gibson 12 shirts, 30 rolls of flannel bands, 8 bonnets; Mrs. Irah Babcock 10 shirts; Mrs. L. Corriveau 6 dresses; Mrs. Demitz 5 shirts, 7 jackets; Mrs. I. P. Witter 4 bonnets; Mrs. Geo. Arpin 12 pairs booties; Miss Herschleb 8 shirts, 6 jackets; Mrs. Roy Mead 6 dresses; Mrs. V. D. Simons, box of clothing.

Total contents of boxes Nos. 51 and 52, 39 layettes, 1290 garments (adults), 5 quilts, 5 pairs shoes, 13 dresses (woolen for women and children), balance, underwear, etc., total, 1481, all shipped to the Dugan War Relief, 377 Fifth avenue, New York City, who will forward to France.

After paying all accounts in town for material used in the work, the committee will send the balance of money collected during the Tag Day, May 3, 1919, to New York to be used towards the children's fund—Child Welfare Work. During the four years of war thousands of children living in the tragical population of Lille and the surrounding villages are in a grave physical condition, owing to lack of food and the effects of war. The Dugan War Relief is sending several hundred maimed and deported children to the country, where they live in tents set up in big fields and receive medical treatment. Toward this fund we are contributing the balance of the money collected for war relief so that these children who have suffered for four years may be saved for France.

The Committee desires to thank the ladies who have, by their work, made this work possible; also the men who have assisted by their kindness the work that has been done from a deep sense of duty towards people who are so greatly in need of our labors.

Total shipped of garments, articles of comfort, pillows, comforters, clubing of all sorts, 10,410.

(Mrs. F.) Louie H. MacKinnon, Chairman.

A revetment is being built along the river bank south of the Elks Club which when completed will prevent the water from washing the bank away at the point and spoiling the lawn, as has been the case in the past. The wall is being built from the old stone and concrete that was taken out of the streets, and will be a great improvement when it has been filled in back of the wall.

Work on the paving on Eighth street was held up for more than a week owing to the fact that it was impossible to obtain the crushed stone necessary for the work. This would have been finished within a few days had it been possible to obtain the material, but a scarcity of cars has delayed the work ever since it was started. It is expected, however, that plenty of material will yet be received this fall to finish all of this street and the work on Fifth street before it is necessary to discontinue the work on account of cold weather.

Oliver Trudell was at Rudolph on Sunday where he had charge of the cooking of the big chicken chowder which was given for the benefit of the new church. One hundred and fifty chickens were consumed. Oliver has the reputation of being the best chowder artist in this neck of the woods.

Charles Nobles, who is doing carpenter work at Janesville, came up Saturday to look after some business matters here. He had been drawn on the jury, but after explaining the situation the judge excused him. He reports that he likes it down at Janesville very much, and that the men are treated fine there and are well fed and well housed. He says that in his opinion there are fully five hundred men there from this part of the country, that is, Grand Rapids, Port Edwards and Nekosco, and that most of them are pretty well satisfied. He returned to Janesville on Tuesday to take up his work again.

James Jensen was at Marshfield Wednesday and Thursday, where he looked about the city with a view to erecting a plant here, and has decided not to do anything this fall, owing to the lateness of the season, but if they are of the same mind next spring it is the intention to buy a piece of land here and put up a factory. They report having worked up a very satisfactory business in this section of the country, and at the present time think very favorably of erecting a factory here. The quarters where they are now located are too small for their needs, especially in the matter of storage room, which is their reason for wanting to build a larger place and have shed room for storage purposes.

The Blommer Ice Cream Company, the members of which firm had been looking about the city with a view to erecting a plant here, and has decided not to do anything this fall, owing to the lateness of the season, but if they are of the same mind next spring it is the intention to buy a piece of land here and put up a factory. They report having worked up a very satisfactory business in this section of the country, and at the present time think very favorably of erecting a factory here. The quarters where they are now located are too small for their needs, especially in the matter of storage room, which is their reason for wanting to build a larger place and have shed room for storage purposes.

Look! Here is the globe spread out flat before your eyes. See those stars? Every star shows where a U. S. Navy ship was on September 2nd, 1919. The Navy travels the Seven Seas.

## Don't you want to see the World?

ROMANCE is calling to you! Strange and smiling foreign lands are beckoning to you. Shove off and see the world!

Learn to "parley-voo" in gay Poree. See the bull-fights in Panama. See surf-riding on the beach of Waikiki.

Learn the lure that comes with the swish and swirl of the good salt sea. Eat well—free; dress well—free; sleep clean—free; and look 'em all straight in the eye—British, French, Chinese, Japanese, Spaniards, Egyptians, Algerians and all manner of people.

Come! Be a real man of the world. See the world. See it with

the red-blooded, hard-working, hard-playing men of the U. S. Navy.

Pay begins the day you join. On board ship a man is always learning. Trade schools develop skill, industry and business ability. Thirty days care-free holiday each year with full pay. The food is good. First uniform outfit is furnished free. Promotion is unlimited for men of brains. You can enlist for two years and come out broader, stronger and abler.

Shove off—Join the U. S. Navy. If you're between 17 and 35 go to the nearest recruiting station for all the details. If you don't know where it is ask your postmaster.

## Shove off! - Join the U. S. Navy

18 cents a package

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes, or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply, or when you travel.

R. J. REYNOLDS TOBACCO COMPANY  
Winston-Salem, N. C.

CAMELS' expert blend of choice Turkish and choice Domestic tobaccos answers every cigarette desire you ever had! Camels give such universal delight, such unusual enjoyment and satisfaction you'll call them a cigarette revelation!

If you'd like a cigarette that does not leave any unpleasant cigarette aftertaste or unpleasant cigarette odor, smoke Camels! If you hunger for a rich, mellow-mild cigarette that has all that desirable cigarette "body"—well, you get some Camels as quickly as you can!

Camels' expert blend makes all this delightful quality possible. Your personal test will prove that Camel Cigarettes are the only cigarettes you ever smoked that just seem made to meet your taste! You will prefer them to either kind of tobacco smoked straight!

Compare Camels for quality and satisfaction with any cigarette in the world at any price!

## The Increasing Confidence of the Public---

OUR business has enjoyed a steady, consistent growth since its inception.

Each year more and more people come to our music rooms to select Cable-made Pianos and Inner-Players.

Such a healthy business growth is indicative of one fact—the public's confidence in us is increasing.

More and more thrifty Piano buyers are realizing that it doesn't pay to buy Pianos and Players of inferior quality.

The PRICE paid for a musical instrument is quickly forgotten—but the satisfaction it brings remains in evidence for a long time.

When you buy a Piano or Inner-Player here you buy more than a mere musical instrument—you buy PIANO SATISFACTION.

We invite you to inspect our showing of Cable-made Pianos—Grands, Uprights, and Inner-Players.

## The Daly Music Company Home of Cable-made Pianos in Grand Rapids

We are exclusive dealers for the New Edison and Brunswick Phonographs. All the latest in Sheet Music, Player Rolls and Records will be found here. GIFT STORE

RUDOLPH MORAVIAN CHURCH  
(Rev. Theodore Reineke, Pastor)  
Sunday, Oct. 12, Sunday school at 10:30, preaching service at 2:30.

Just Once.  
Edward had had trouble with the new boy in the neighborhood, and always got the worst of it, having had black eyes at different times. Soon after this the new boy was ill, and the teacher told the pupils of her class to remember the sick boy in their prayers, as it would be a long time before he would be strong again. Edward replied that he would, but he was heard to say, "Just let me meet him once before he gets good and strong."

Tannin.  
Paraguay has valuable resources, the most important of which is quebracho, which is particularly rich in tannin.

LOCAL ITEMS Mrs. F. L. Stelb departed on Wednesday for Milwaukee to visit with friends for a week. A. F. Nelson has accepted a position with the Samson Tractor company at Janesville. Mr. and Mrs. Knudsen have returned from Sax, Minn., where they have been operating a dredge the past season for the Knudsen-Hill Dredging Co. They report that their dredge was totally destroyed by fire recently.

H. E. Gaulke has gone to Plover where he will have charge of the potato buying for J. A. Lutz.

Mrs. Minnie Lakin returned on Wednesday from a two months visit at St. Paul and Minneapolis.

John Potts of New Rome was among the pleasant callers at the Tribune office on Friday while in the city on business.

Mr. and Mrs. Amandus Reinhardt, who have resided at Racine for several months past, returned to the city on Saturday to make their home.

—Money to Loan. I have \$1,000 to loan on good city or farm property. Edward Pomainville, the Real Estate Man.

Carl Arnold, who has been working on the Sears' marsh since the fore part of September, expects to leave on Saturday for Minong, where he has accepted a position.

G. A. Perry, who has occupied the position of president of the Vesper Clay Products Company since its organization, has resigned, and George M. Hill of this city has been asked to fill the vacancy. Mr. Perry is leaving with the company as a salesman.

The heaviest traveled road in Wisconsin is state trunk highway 7, the main artery between Milwaukee and Madison. It is an 18-foot concrete highway, built in 1913 and shows but slight evidence of wear. A traffic check kept on the roads on a recent Sunday showed that from 8 a. m. to midnight 8,035 vehicles crossed the viaduct leading out of Milwaukee to this road. This was an average of 518 every hour. Only 55 horse-drawn vehicles were counted.

Necedah Republican.—Postoffice Inspector J. A. Niles returned last week from Salida, Col., where he caused the arrest of Professor Doctor Coathousavaa Hoesendolevsky, bondswoman. This is his Hindoo name, but he is also known as Prof. Dr. D. T. Conroy. Conroy confessed to wholesale frauds throughout every state in the Union covering a period of 12 years, during which time he says he has defrauded hundreds of victims out of more than \$40,000.00. Conroy posed as a Phrenologist, Faciologist, Astrologist, Spiritualist, and Trance Medium. He also advertised as the World's greatest Spirit Medium and Clairvoyant. When he found a person with money who would fall for his "reading," he would convince them that while in a trance the spirits had told him that if they would pay him a certain amount for a number on a soap box lottery in the Trinidad Islands the holder would win many thousands, etc. The offense of using the mails to defraud is a fine of \$5,000, and five years in prison. Conroy will be sentenced about Oct. 15th, by United States District Judge Sanborn, at Superior, Wis.

WANT COLUMN Advertisements in the want column cost 10 cents per line. Count 6 words to the line and send the money with the order when possible as it saves bookkeeping.

CIVIL WAR PENSIONS WILL BE BOOSTED The House pension committee reported favorably on Friday a bill granting a minimum monthly pension of \$50 to the veterans of the war between the states. Their widows would receive \$30 a month and their children under 16 years old \$6 a month while aures receive \$30 a month. The measure would add \$65,000,000 to the pension roll in its first year. "Speedy enactment of the bill is a matter of great urgency," declared the committee report, pointing out in increased cost of living and the ages of the veterans. The bill would grant \$75 monthly to all totally disabled veterans and \$90 a month to those who suffered such disability in service. Oct. 9 Nov. 13

Notice of Sale in Partition State of Wisconsin, Wood county, in Circuit Court. Edith J. Williams, executrix of the last will and testament of George L. Williams, deceased.—Plaintiff, vs. Amelia Bartz, Mary Hogan, Charles Bartz and Anna Bartz, his wife, Minnie Wunk, Elsie Bartz, Lydia Bartz, Edna Bartz, Ella Bartz and Helen Bartz.—Defendants. By virtue of a judgment of partition and sale made in the above entitled action on the 6th day of October, 1919, the subscriber, sheriff of Wood county, will sell at the front and north door of the Court House in the City of Grand Rapids on the 22nd day of November, 1919, at 10 o'clock in the forenoon of that day the real estate directed by said judgment to be sold and therein described as follows: The Southeast Quarter of the Northeast Quarter (SE 1/4) of Section No. Ten (10), and the West Half of the Northwest Quarter (NW 1/4) of the NW 1/4 of Section No. Eleven (11), all in Township No. Twenty-two (22) North of Range No. Five (5) East, Wood County, Wisconsin. Dated October 6th, 1919. Sheriff of Wood County, Wisconsin. C. W. BLUETT, D. D. Conway, Plaintiff's attorney.

ATTENTION! Hog Breeders of Wood County There will be a meeting at the Marshfield City Hall Monday afternoon, October 13th, at 2 p. m. to organize a hog breeders' association in Wood county. Every man who is interested in better hogs for Wood county should be present. The secretary of the National Poland China Association will be present, also the Secretary of the National Duroc Jersey Association, Mr. Morgan, president of the Wisconsin Hog Breeders' Association and a representative of the hog department of the College of Agriculture will be there. This meeting should be the opening move in the development of a good live hog industry in Wood county. Of course we do not expect to raise hogs here as they do in Indiana, Illinois, Ohio and Iowa, but we can raise a No. 1 breeding stock. Some individual farmers in Wisconsin are selling thousands of dollars worth of hogs for breeding purposes. We can and will do the same here. The cattle men of Wood county are organized and doing business. Why not the hog breeders as well? This meeting is for the man who is interested in starting in the pure bred hog business as well as for the men who are already in. We hope to see you at the meeting Monday afternoon. Wm. Schultz, Auburndale. Fred Jones, Grand Rapids. O. J. Itochelev, Grand Rapids. O. J. Leu, Grand Rapids. Huser Bros., Grand Rapids. A. P. Bean, Vesper. W. W. Clark, County Agent.

Wausau Record Herald, Oct. 7, 1919.—Frank P. Regner was notified this morning that one hundred and eighty-gallon cans of fish fry will arrive over the Milwaukee road at 7:45 o'clock tomorrow evening from the government hatchery at Homer, Minn. They will comprise yellow perch, black bass, crappies and catfish of considerable size, having been rescued from the sloughs along the Mississippi river where they were stranded by low water. The entire lot will be planted in Lake Wausau and tributary waters.

Stevens Point Gazette.—With the early predictions quoting a record price for No. 1 grade potatoes for the farmers of Portage county, the market has received another boost with the establishment of a new potato flour company adding a new product to the establishment of Grand Rapids. The new concern will buy in the neighborhood of 7,000 carloads of No. 2 potatoes this year, which it will use in the manufacture of a potato flour, and has already closed contracts with many of the large potato growers of central Wisconsin for their entire crop of No. 2 stock. The establishment of this new market for No. 2 potatoes is considerably more attractive, as this grade of potato has previously been practically a drug in the market and a direct loss to the growers. The new plant at Grand Rapids is a branch of the Fink American Potato Flour corporation, a million dollar concern which is establishing potato flour factories in the potato growing centers of the United States. This ever ready market will mean that leaving No. 2 potatoes in the field or feeding them to stock is a thing of the past. The new potato flour plant is the first to be established in the state of Wisconsin and is in the field for the entire crop of No. 2 potatoes to a distance of a radius of 100 miles around its Grand Rapids plant. The flour is not a substitute for wheat flour, but a small percentage added to wheat flour makes the loaf more moist, and adds to its flavor and quality, giving a bread "the mother used to make." The establishment of these new potato flour plants not only means a new market for the No. 2 potatoes raised in this vicinity, but it means that another German industry, which formerly met no competition in this country, will be crowded back within its own boundaries and American people will eat flour products produced by Americans. Lieut. Henry Duckert and wife are visiting at New Denmark. BIRTHS A son to Mr. and Mrs. Alex. Toloznyk, Oct. 7th. A son to Mr. and Mrs. Dan Marge, Oct. 7th.

**HERE'S ANOTHER BLOW FOR H. C. L.**

We don't like to "TOOT" our own Horn but we are going to cut the Cost of meats in Grand Rapids and other Wisconsin Cities Lower than any other shop

We Sell Lower than Our Competitors AND WILL PROVE IT

**WHY BILL LEFT THE OLD FARM**

Chicago, July 1, 1919.

Dear Brother John:—

Take it from me, John, and don't try to find a job up here. City life is not all its cracked up to be and often I wish I was back on the farm.

I never would have left home except that I got sick and tired of carrying water. It seemed like those twenty cows Pa had could soak up a lake and not feel it. If I missed a bucket or two Pa could tell it, because the cows would let down on milk when they didn't get enough water.

When I wasn't carrying water for the cows, I was carrying it for the house. Saturday night baths and wash day got to be a horror to me because I had to lug in the water for the whole family.

But you won't have all that trouble. John. Dad wrote and told me that he is having one of those Kewanee water systems that Eron the Plumber from Grand Rapids sells and that means that you will have nice fresh water all over the place—nothing to do but turn a faucet, same as they do in the city. You better stick.

A cheap city flat and a skimpy pay envelope isn't half as fine as life on the farm with all the drudgery of lugging water left out. Gee I bet Ma will enjoy that new sink and the running water, hot and cold.

Your homesick brother, BILL.

KEEP YOUR "BILL" AT HOME —SEE—
